

"DER TAG" HAS ARRIVED, IS BELIEF OF BERLIN.

Day of Days for the Attack on England
is Haired by All Germany.

The Kaiser, Prince Henry and Admiral Von Tirpitz
Depart for Helgoland to Personally Direct the Com-
bined Submarine and Airship Blockade of the British
Isles.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]

LONDON, Feb. 18.—The Daily News correspondent at Amsterdam says: "I learn authoritatively that Germany intends carrying on her threatened blockade by combined Zeppelin and submarine action. Great airship activity continues on the North Sea. According to the latest information from Berlin under den Linden cafes and restaurants have been filled with excited crowds reading special bulletins entitled 'Der Tag.'"

COPENHAGEN (via London) Feb. 18.—The Kaiser, Prince Henry of Prussia and Grand Admiral Von Tirpitz left Berlin today for Wilhelmshaven and Helgoland and other naval stations to direct arrangements for the blockade of England. It is reported that the Germans built 120 big mine-laying submarines for this purpose in the last six months. Every submarine is able to carry more than 100 mines, placed on the deck, so that each may be discharged quickly. The weight of each mine is said to be about 1200 pounds.

LONDON, Feb. 18, 10:40 p.m.—No incidents so far as is known have yet marked the opening of Germany's submarine blockade of the British Isles, although it has been in force for nearly twenty-four hours. Not has the British government thus far announced its promised retaliatory measures.

Precautions, however, are being taken on this side of the North Sea, and, although the German government has warned the German people not to expect any sensational developments for some days, the regular cross-channel passenger service has been somewhat curtailed and altered. Otherwise the sea-borne trade of the country is proceeding much as usual. The White Star Line's Adriatic service from New York February 20, crossed the Irish Sea during the night, but did not report, as did the Lusitania some days ago, to the fact that the American or other neutral flag to evade German submarines. Other ocean liners and freight steamers are maintaining their regular schedules. A fleet of freight steamers left Denmark for England with provisions aboard, and it was to keep track of these, it is believed, that German airships were sent out to sea today. Another of which was reported wrecked today on the Danish coast, have been so active.

GERMANY'S REPLY.
In Germany, Germany's reply to the American note of protest against her interference with neutral ships is regarded as the most important document of the war. It is a long and detailed statement, and there is a general feeling that it will be a reply to the United States which will be a reply to the United States.

Even Germany's victory over the Russians in East Prussia and her success in Poland, and the claim of the Germans to have taken 65,000 prisoners taken second place in these diplomatic questions before the German and the neutral nations. In Germany, however, this second victory of Field Marshal Von Hindenburg in the province of which he had long made a military study, is being celebrated with the greatest enthusiasm, and the expectation there is that the Russians will take a long time to recover from this blow, even should they succeed in making a stand on the Niemen River, as they did last autumn.

It is evident, however, that the Russians are far from being beaten. According to their reports, battles are in progress, not far from the East Prussian frontier and troops are being re-grouped from the interior to check the German advance, which is being made on a front some 200 miles in extent across the provinces of Vilna and Grodno.

IN THE CARPATHIANS.
In the Carpathians heavy fighting continues, and the Russians claim to have repulsed all the Austro-German attacks while in Bukovina the Austrians, with their German supporters, are pushing across the country. They have captured Kolomea, in Galicia, about sixteen miles north of the Russian frontier. It is again reported, this time officially, that they are in possession of Czernowitz, the capital of Bukovina.

The allies, in the hope of relieving the pressure on the Russians, have taken the offensive along the western line, and, although the French and German accounts differ as to the result of this, it is evident that the French and British have been able to make gains at some points, which they say tonight have been maintained. The Germans report they have voluntarily evacuated the village of Norroy, to the north of Pont-a-Mousson.

MULTUM IN PARVO AT
"THE EXPOSITION BEAUTIFUL."
The next popular excursion under the auspices of The Times management to the Panama-California Exposition leaves Los Angeles at 7:30 o'clock Sunday morning, February 21st, leaving San Diego on return trip at 8 o'clock Monday night following.

New attractions at no increase in price have been added to the excursion features. An enjoyable two days' outing, sightseeing at the Southland's Beautiful Fair. Boat-riding in San Diego waters. Admission to the Santa Fe's Painted Desert—a real Indian village. Admission to the Panama Canal exhibit; admission to the Hawaiian village. Concerts by inspiring bands and the mammoth outdoor organ. Meals at Levy's Cafe on the grounds. Accommodations at Hotel Sandford, street car fares to and from Fair grounds, transportation on special train, in fact, every necessary expense for ten dollars.

Read what one lady said of the last Times excursion: "The excursion trip was the best ever and we sure had our money's worth and then some."

Take a party of friends and have an enjoyable outing. Make your reservations at once! Take the ladies, they'll be delighted. We can only take a limited number and reserve the right to refund all money collected for the proposed excursion.

For further information write, telephone or call on the Manager of the Times Excursion Department, First and Broadway. Phone Main 8200; 10391.

Announcements will shortly be made of Times Excursions to the San Francisco Fair by rail or boat, about the end of next month.

ASK AN END OF POLYGAMY.

Indiana Legislature Wants
Congress to Stamp
It Out.

[BY A. P. NIGHT WIRE.]
INDIANAPOLIS, Feb. 18.—Asserting that polygamy still exists in some parts of the United States, a joint resolution favoring the national Congress to enact laws to prevent polygamy was adopted by the Indiana Legislature here today. Copies of the resolution will be sent to Indiana's Senators and Representatives in Congress.

Refuses to Budge.

(Continued from First Page.)

pose an obligation on the United States to guarantee the cargoes of outgoing vessels, a requirement not covered by any domestic law. Moreover, if mines were laid as Germany announces her intention of doing, conflicts of the opinion of American officials, would be still endangers by mines and public opinion in the United States might be much more seriously affected by the destruction of a warship than by a merchantman.

NORTH SEA MINES.
When mines were laid in the North Sea, the American government took position that it could not determine which side was responsible for the action and did not protest, especially since pilots were furnished by Great Britain and neutral vessels were enabled to proceed with their journeys. With the admission by Germany of her intention to lay mines, the American government protest might be forthcoming unless pilots were given to neutral vessels carrying legitimate cargoes.

As to the announcement in the German note that the German navy would now regard all articles as contraband which Great Britain had so proclaimed, the American government was not expected to enter into any dispute except in connection with those articles against which it already has protested to the allies. The right to intercept contraband cargoes and even destroy them at sea, if contraband is found, is an admitted right. Although proof must later be submitted to bear out such action.

TO LEAVE LINES ALONE.
In German official quarters here, the possibility of conflict with the United States over the war zone decree was not regarded as likely to occur because it was pointed out that Germany's declaration was aimed at German ships carrying cargoes of contraband and not vessels devoted entirely to passenger traffic. There could be no objection to Germany in destroying even enemy passenger ships, although they might be captured and diverted from their courses.

It was said that not only was it probable that German submarines would carefully avoid interference with American ships, but that they would refrain also from attacking any of the big trans-Atlantic liners. These great liners carry no such cargoes and their entire capacity is consumed by passengers, and the thousands of tons of mail and mail parcels which they carry are not the trans-Atlantic voyage at high speed.

FARMERS' LOYALTY MAY DECIDE WAR.

[BY ATLANTIC CABLE AND A. P.]
VENICE, Feb. 18 (via London, 11 p.m.)—Dispatches from Vienna say that the Austrian Minister of Agriculture has issued an urgent appeal to farmers not to leave a single plot of ground anywhere in Austria.

He declared: "Russia depends more than ever upon the work in the fields this spring. The power of the state is conditioned upon the productiveness of agriculture."

The question of food supplies in Austria-Hungary is daily becoming more acute and the government has confiscated all stores of grain. The shortage of fodder for cattle is greatly increasing the gravity of the situation.

The crew was saved.

NORWEGIAN SHIP HITS MINE; EVERY MAN ON BOARD LOST

[BY ATLANTIC CABLE AND A. P.]

LONDON, Feb. 18.—The Norwegian steamer Nordcap, according to the Exchange Telegraph's Copenhagen correspondent, has struck a German mine in the Baltic Sea and foundered. All her crew perished. The Nordcap was owned by Wrangell & Co. of Haugesund.

The crew of the ship was lost, but all the members of the crew were saved.

AIRSHIP CAUGHT FIRE.

LONDON, Feb. 18.—Fourteen members of the crew of the Zeppelin dirigible which was destroyed by an explosion on Fance Island were rescued and will be interned by the Danish authorities. A dispatch from Copenhagen to Reuters' Telegram Company. The Zeppelin was cruising over the island with another dirigible when the explosion occurred and the dirigible descended, landing before the explosion took place.

The destroyed Zeppelin was the L-3, one of the largest in commission. She was completed in 1914 and was 550 feet long and had a diameter of sixty-one feet. She was supplied with four motors with a total horsepower of 720 and had a speed of forty knots. Commander Prinz says: "The situation here the fire broke out was critical. He feared that the bomb on board the airship would explode before he could get to the ground."

IS ZEPPPELIN LOST.

AMSTERDAM (via London) Feb.

ARMS SHIPMENTS ANGER GERMANY

We Mean to Stop Them, Says
Count Von Reventlow.

Berlin Newspapers Approve
War Zone Declaration.

Isist Fatherland is Engaged
in a Vital Struggle.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, Feb. 18 (via London).—Count von Reventlow, the German naval critic, comments in today's issue of the Tages Zeitung on the answer of the German government to the American note on the subject of the marine war zone around Great Britain. The writer declares that the tone of the German note, in spite of the tone of the American communication, shows that Germany is prepared to go to the utmost limits compatible with the situation. No fault can be found with the declaration in the German answer. Count von Reventlow declares that the German government, however, does not refuse to prevent existing friendly relations.

"One can read only with pleasure those parts of the German answer which refer to American supplies to England and France," the writer says, "with the addition to have warships permitted to land in England and feared they might be forced to keep him on board. Plans of English fortifications were found on Taylor when he was arrested at a race track near London in October."

The Tageliche Bundeschau says that neutrals must either compel Great Britain to allow their ships to pass or their ships out of the war zone. The Cologne Gazette declares the German standpoint cannot be presented more accurately than in its note, and at the same time it is a more conciliatory manner. It meets American wishes as far as possible especially with the addition to have warships permitted to land in England and feared they might be forced to keep him on board. Plans of English fortifications were found on Taylor when he was arrested at a race track near London in October.

"After this note," the Cologne Gazette says in conclusion, "who ever misunderstands the purpose and the manner of the German reply, is no longer neutral in our eyes."

The Morgen Post says the German note leaves no doubt of Germany's intention of exercising its rights and making reprisals on Great Britain.

The Yomiuri Shimbun says the note does not make use of the excited tone indulged in by America when a single shipload of weapons was delivered in Mexico by Germany. The Yomiuri Shimbun leaves no doubt that Germany will follow the course laid down February 4.

The Kreuzer Zeitung says the note will be received with satisfaction by all Germans. While the American point of view could not be shared, Germany's determination to defend its rights as far as possible.

RUSSIAN FOOD
GOES TO GERMANY.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD, Feb. 18 (via London, Feb. 19).—The Ministry of Commerce and Industry is under the belief that quantities of foodstuffs are reaching Germany from Russia through Finland and Sweden. Extraordinary measures are being taken to prevent the leakage of foodstuffs to Germany. The Ministry has been called to an unusual shipment which has been made for some time and which has resulted in Finland. The Ministry has been called to an unusual shipment which has been made for some time and which has resulted in Finland.

COMPEL PEACE
IN ETERNAL CITY.

[BY ATLANTIC CABLE AND A. P.]

ROME, Feb. 18, 1:15 a.m.—Parliament reopened today. There is no indication of any immediate debate of importance concerning the international situation.

Members of various parties which favor Italy's participation in the war had decided to march from their clubhouses to the Chamber of Deputies and make a demonstration in an endeavor to influence the deputies to take their view of the situation. As a counter-move the parties favorable to Italy maintaining neutrality purposed to range themselves before the Chamber of Deputies in order to prevent the work of Parliament being interfered with. The government, however, posted troops with orders to allow no crowds to gather and therefore there was no disorder.

NARROW ESCAPE
FOR AMERICAN.

[BY A. P. DAY WIRE.]

WASHINGTON, Feb. 18.—Frank Allen of San Francisco, an American citizen, was a member of the crew of the British collier Dulwich, torpedoed and sunk by a German submarine last night off Cape de la Hope. He was among the rescued and landed safely at Mavre. A consular report today told of his arrival.

EXPORT EMBARGO
UNNEUTRAL ACT.

[BY A. P. DAY WIRE.]

WASHINGTON, Feb. 18.—President Wilson told a delegation of women who brought a petition signed by 25,000 persons asking an embargo on exports of war materials today that such an embargo, in his opinion, would be an unneutral act. The gravity of the European situation, the President said, made it necessary for the United States to be absolutely impartial and careful in its attitude.

MAN WITHOUT A COUNTRY.

Alleged Alien Spy Deported by
Both United States and
England.

[BY A. P. NIGHT WIRE.]

BOSTON, Feb. 18.—Frederick A. Taylor, who has been held on the immigration station since he was deported from England as an alien spy four months ago, and who claims to be an American citizen, born in San Francisco, may become another "man without a country." He was deported today for England on board the steamer Pretorian, bound for Glasgow, and will be guarded by the ship's officers until the English authorities can further in his case. Officers of the Pretorian expressed doubt whether Taylor would be permitted to land in England and feared they might be forced to keep him on board. Plans of English fortifications were found on Taylor when he was arrested at a race track near London in October.

Officially, the Japanese Foreign Office on February 9 gave the Japanese representative in Great Britain, France, Russia and the United States, contains several other demands about seven or eight in number.

Officials of the American government considered today the Japanese demand for an inquiry to the American Ambassador at Tokyo and the Minister at Peking to learn which of the two versions was the present basis of negotiation. It is believed this plan would not be carried out because of the expectation that a voluntary explanation of the differences in the two versions probably would be forthcoming.

Secretary Bryan announced that the State Department was not prepared to give consideration to any demands "under consideration." He denied published reports that a note had been sent to Japan, however, and it was said authoritatively today that the American government since the beginning had not made any representation of any diplomatic steps beyond keeping itself informed along with the other powers.

OFFICIAL BELIEF.

The belief prevailed in official quarters that inasmuch as the Chinese memorandum antedated considerably the statement given the powers by Japan, the latter document probably constituted the present basis of negotiations and signified either that the original demands were only tentative and orally made, or that they had been abandoned now altogether by Japan.

The Japanese version, published yesterday, containing Japan's requests for privileges and concessions in Southern Manchuria, Inner Mongolia and Shantung, does not, so far as competent American observers are informed, conflict with the two policies to which the United States has been committed since the beginning of the war.

As for the original version now given out by the Chinese government, while officials and diplomats guarded their details, there was a belief in some quarters usually well informed that the Japanese also had asked for privileges in certain localities, as the province of Fukien and Kiangsu, with new railway concessions and control of mining works. Obligations requiring the consent of Japan before choosing political, financial or military advisers or the floating of loans were thought here, too, to have referred only to these provinces and not to the republic of China, although the Japanese assistant reports that China as a whole was affected by the first set of requests.

JAPANESE VERSION.

According to the Japanese version, as given in Japan's memorandum to the powers, her demands are restricted to the territory within her sphere of influence. They are summarized as follows:

In Shantung—China is not to alienate or lease to another power part of the main land of Chefoo. Japan is to build a spur of railway from the main line back to Kiaochow, up to Chefoo.

In Manchuria and Mongolia—lease of the railways acquired from Russia is to be extended; also four requests as to Japanese advisers in military, capital, foreign concessions, etc., in these regions.

In Fukien—As this is the province on the mainland of China, its position to the Japanese island of Formosa, China is not to cede or lease any port or bay in this locality.

It was pointed out by some quarters today that it was to prevent discrimination against foreigners in these very spheres of influence that the powers were brought about by the United States.

HAY'S NOTE.

Secretary Hay's note to Japan on November 13, 1913, said:

"It has seemed to this government highly desirable that the various powers claiming 'spheres of influence' in China should give formal assurance: First, they will in no way interfere with any treaty port or any vested interest within any so-called sphere of interest or leased territory they may have in China."

Two other requests were that the powers should apply the Chinese customs tariff to each other's goods and no higher harbor duties or railroad charges should be paid than by their own nationals in these respective spheres.

Japan's reply, given by Viscount Aoki, Minister of Foreign Affairs, said: "The imperial government will have no hesitation to give its assent to so just and fair a proposal of the United States."

Interest in the Japanese-Chinese negotiations is intense in official and diplomatic quarters. An effort today by Representative Hobson to secure the adoption of a resolution for information from the State Department was met by the comment from both Chairman Flood of the House Foreign Affairs Committee and Representative Mann, the Republican leader, that President Wilson should be given a free hand in dealing with the situation.

MAN'S COMMENT.

"At this time," said Representative Mann, "it is absolutely necessary that the House and the people of the country place their reliance in the President, which is available to the President, to interfere in the foreign relations of the country."

POWERS GIVEN JAP DEMANDS.

Bryan Denies Note has been
Forwarded to Tokio.

Conflict in Memorandums is
not Yet Explained.

London Shows Much Anxiety
Over the Situation.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Feb. 18.—China has instructed her ministers in the United States, Great Britain, France and Russia to deliver to these powers a memorandum of the demands originally made by Japan for concessions and privileges in return for the restoration of the territory of Kiao-Chow to China.

Kai Fu Shih, the Chinese Minister here, has just presented the memorandum to the State Department. This, on comparison with the memorandum which the Japanese Foreign Office on February 9 gave to the Japanese representative in Great Britain, France, Russia and the United States, contains several other demands about seven or eight in number.

Officials of the American government considered today the Japanese demand for an inquiry to the American Ambassador at Tokyo and the Minister at Peking to learn which of the two versions was the present basis of negotiation. It is believed this plan would not be carried out because of the expectation that a voluntary explanation of the differences in the two versions probably would be forthcoming.

Secretary Bryan announced that the State Department was not prepared to give consideration to any demands "under consideration." He denied published reports that a note had been sent to Japan, however, and it was said authoritatively today that the American government since the beginning had not made any representation of any diplomatic steps beyond keeping itself informed along with the other powers.

OFFICIAL BELIEF.

The belief prevailed in official quarters that inasmuch as the Chinese memorandum antedated considerably the statement given the powers by Japan, the latter document probably constituted the present basis of negotiations and signified either that the original demands were only tentative and orally made, or that they had been abandoned now altogether by Japan.

The Japanese version, published yesterday, containing Japan's requests for privileges and concessions in Southern Manchuria, Inner Mongolia and Shantung, does not, so far as competent American observers are informed, conflict with the two policies to which the United States has been committed since the beginning of the war.

CHINA FAVORS UNITED STATES.

PERKINS KNOWS WE HAVE NO AMBITIONS OVER THERE.

Dr. Judson of Chicago Explains How We Could Obtain the Immense Original Business if We Had a Commercial Marine and Navy to Back It Up.

CHICAGO, Feb. 13.—The Chinese government would rather borrow of the United States than of other countries, partly on account of the generosity of the United States in returning the Boxer indemnity fund, and partly because it knows that the United States has no aggressive ambitions as to Chinese territory," said Dr. Harry Pratt Judson, president of the University of Chicago, addressing the Industrial Club tonight. "Chinese trade goes mainly to the countries which take up Chinese loans," Dr. Judson recently visited China in the interests of the Rockefeller foundation.

"If this trade is to be conducted effectively," continued Dr. Judson, "there must be a commercial marine established under the American flag. We cannot compete with the low cost of maintenance of foreign vessels, and against the subsidies which nearly all nations give to their oriental commercial marines."

"Obviously, also, our commerce must have adequate naval protection. We have hope, of course, that the peace dreams of some of our friends may be realized, and that the present great war will be the last. But it is not safe to depend on dreams or on rainbows. We must have an effective navy if we are to establish and maintain a commercial marine."

SILVER PRICES ARE ADVANCING.

INTERFERENCE WITH SHIPPING IS GIVEN AS EXCUSE FOR BOARDING BULLION.

BY ATLANTIC CABLE AND A. P. LONDON, Feb. 13.—A weekly review of the silver market published here today says:

"The threatened interference of the enemy with merchant shipping around the British Isles seems to have excited more apprehension among the neutrals than among the allies. This has encouraged American silver dealers to conserve the silver which has already arrived in this country for the purpose of sale. On the other hand, it has caused other neutral countries to expedite their requirements in advance."

"These circumstances have been reflected in the price of silver which, after remaining for nearly a month at not higher than 22 pence 3 farthings, rose yesterday one-eighth 22 pence, 7-8, and a further 1-16 today."

PROSPERITY WEEK FOR ELECTRICIANS.

SHOWS, PARADES, CARNIVALS TO BE HELD ALL OVER THE COUNTRY.

NEW YORK, Feb. 13.—A movement looking to the holding of a national prosperity week next fall to promote business for electrical and other big American industries was launched here today. It was announced by the Society for Electrical Development, after a meeting in its offices, at which leading electrical concerns in all parts of the country were represented. The society will have charge of the movement.

It is planned to hold electrical shows, parades and carnivals in cities and towns all over the United States. The movement is expected to stimulate business in the big electrical plants throughout the nation and give employment to additional thousands. Plans are rapidly being formulated and the official name for the week will soon be announced, it was stated.

Factories Working Overtime to Fill Contracts.

CHICAGO BUREAU OF THE TIMES, Feb. 13.—Good times are here. This was the statement made today by real estate men and railroad officials.

C. F. Parker, vice-president in charge of purchases for the Illinois Central Railroad Company, gave business boomers a cause for optimism. Besides accelerated delivery on an order of 5000 box cars, involving a transfer of at least \$1,000,000, and confirming the final placing of a contract with the American Car and Foundry Company for 1000 new refrigerator cars, valued at \$1,200,000, he announced the road was considering the purchase of 100 more gondola cars.

Real estate men were unanimous in declaring that prosperity had struck Chicago. They reported unusually large sales for this time of the year. "The business outlook is excellent for the railroads and they are next to agriculture in importance," was Mr. Parker's comment on the purchases. "Business men everywhere are optimistic."

OTHER ORDERS.

Besides the Illinois Central order, contracts or inquiries have been made within the last fifteen days:

Santa Fe ordered 200 50,000-gallon capacity tank cars from Pressed Steel Car Company, in addition to 100 cars ordered in November.

Colorado and Southern, inquiring for prices on 2000 center sills, Boston and Maine, in market for six postal cars.

Missouri, Kansas and Texas, in market for thirty locomotives.

Union Pacific placed with Haskell and Barker Car Company order for 750 stock cars.

United Fruit Company, in market for thirty-five freight cars.

Cleveland, Cincinnati, Chicago and St. Louis, increased order of ten locomotives to thirteen.

Servian government, ten locomotives from American Locomotive Company, in addition to seven ordered in January.

French government, contract for 100 locomotives from Baldwin Locomotive Works.

Pennsylvania Railroad ordered its Altoona shop to construct sixty-eight all-steel baggage cars of three different types.

Lackawanna, five postal cars from American Car and Foundry Company.

Orders for steel rails are also being figured on by the railway supply houses and steel mills.

Dr. Seaton, Foot Specialist, resumes practice March 1, 403-3 Hibernal building.—Advertisement.

BUSINESS BETTER EVERYWHERE.

Many Big Orders Placed by Eastern Railroads.

Millions of Dollars Coming Here from Abroad.

Besides accelerated delivery on an order of 5000 box cars, involving a transfer of at least \$1,000,000, and confirming the final placing of a contract with the American Car and Foundry Company for 1000 new refrigerator cars, valued at \$1,200,000, he announced the road was considering the purchase of 100 more gondola cars.

Real estate men were unanimous in declaring that prosperity had struck Chicago. They reported unusually large sales for this time of the year. "The business outlook is excellent for the railroads and they are next to agriculture in importance," was Mr. Parker's comment on the purchases. "Business men everywhere are optimistic."

OTHER ORDERS.

Besides the Illinois Central order, contracts or inquiries have been made within the last fifteen days:

Santa Fe ordered 200 50,000-gallon capacity tank cars from Pressed Steel Car Company, in addition to 100 cars ordered in November.

Colorado and Southern, inquiring for prices on 2000 center sills, Boston and Maine, in market for six postal cars.

Missouri, Kansas and Texas, in market for thirty locomotives.

Union Pacific placed with Haskell and Barker Car Company order for 750 stock cars.

United Fruit Company, in market for thirty-five freight cars.

Cleveland, Cincinnati, Chicago and St. Louis, increased order of ten locomotives to thirteen.

Servian government, ten locomotives from American Locomotive Company, in addition to seven ordered in January.

French government, contract for 100 locomotives from Baldwin Locomotive Works.

Pennsylvania Railroad ordered its Altoona shop to construct sixty-eight all-steel baggage cars of three different types.

Lackawanna, five postal cars from American Car and Foundry Company.

Orders for steel rails are also being figured on by the railway supply houses and steel mills.

Dr. Seaton, Foot Specialist, resumes practice March 1, 403-3 Hibernal building.—Advertisement.

CAFES IN BERLIN ARE FACING RUIN.

BERLIN (via London) Feb. 13.—While the proprietors of large cafes are pleading for an extension until 3 o'clock of the recent 1 o'clock closing order on the ground that they are facing ruin, the police are reported to be seriously considering the advisability of forbidding all afternoon cabarets and vaudeville acts.

Falling to obtain satisfactory results merely by making appeals, the police have issued an order which becomes operative Friday, forbidding the sale to soldiers of all heavy intoxicants. Virtually everything but beer is placed under the ban.

EXTEND WAR RISKS TO MERCHANTMEN.

BY ATLANTIC CABLE AND A. P. LONDON, Feb. 13, 11:40 p.m.—The government in its war risk plan has decided to extend to men of the crews of British merchantmen who may lose their lives or limbs owing to attacks by enemy warships or aircraft the same scale of benefits as are payable to the men or their dependents of similar rank in the navy.

COLLEGE BOYS AID RED CROSS.

BY A. P. NIGHT WIRE. NEW YORK, Feb. 13.—The seven light-motor ambulances contributed by Yale and Harvard universities to the Red Cross, have been shipped abroad for distribution in various sections of the war zone. It was announced from the Red Cross office here tonight. Twelve of the ambulances were contributed by students of Yale University and five by students of Harvard. They are being distributed as follows:

Three Yales and one Harvard each to England, France, Germany and Austria, and one Harvard to Belgium.

CZERNOWICZ IS OCCUPIED.

WASHINGTON, Feb. 13.—Occupation of Czernowicz, capital of Bukovina, by Austro-Hungarian forces, was officially announced in a Vienna Foreign Office dispatch received tonight by the Austro-Hungarian Embassy here.

The message said: "Austro-Hungarian troops occupied Czernowicz and were greeted with great enthusiasm by the population."

Quality First

"What soup shall I have?" That is the puzzling question! Are you planning an elaborate function? Or is it one of those semi-formal "little" dinners, or luncheons which help to make the social world go round? In any case the wise and easy answer may well be

Campbell's Tomato Soup

Prepare it either as a light tomato bouillon or as a rich cream-of-tomato; or serve it in bouillon-cups topped with whipped cream. And there are many other tempting ways.

It is readily adapted to any meal. And its rich distinctive quality commands it to the most fastidious taste.

FOLGER'S COFFEE

one week only

FEBRUARY 15 TO 20, 1915

THIS COUPON IS GOOD FOR 10c. TO 50c.

IF PRESENTED AT GROCERS FEBRUARY 15th TO 20th, 1915

FOLGER'S GOLDEN GATE COFFEE

Regular Special sale price

14c 15c 16c 17c 18c 19c 20c 21c 22c 23c 24c 25c 26c 27c 28c 29c 30c 31c 32c 33c 34c 35c 36c 37c 38c 39c 40c 41c 42c 43c 44c 45c 46c 47c 48c 49c 50c

Our object is to give everyone a chance to note the difference between 45 cent coffee and cheaper grades.

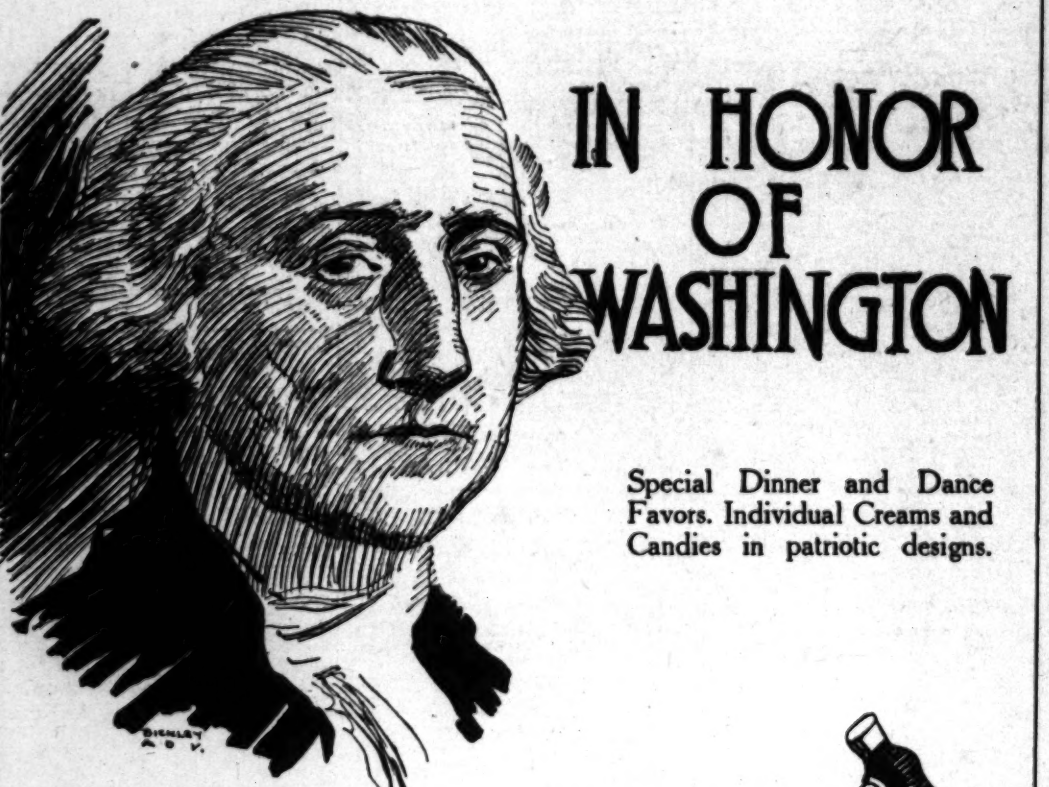

Hand the coupon to your grocer at your door or at his store. If he has no Folger's Golden Gate Coffee he can get the special price offered as we cheerfully forward him a single package of trade grade coffee through any channel he designates. He makes his own profit.

If your dealer does not carry Folger's Golden Gate Coffee, telegraph our resident salesman who will give you the nearest of a dealer who does.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD.

To Exposition Opening.

President Cole, John S. Mitchell, Braden W. Lee, E. W. Murphy and City Attorney Stephens will leave today for San Francisco to officially represent the Chamber of Commerce at the opening of the exposition tomorrow.

Original Hebrew Music.

A new composition still in manuscript, by Leo Oehmler of Pittsburgh, who is wintering at Pasadena, entitled "Help Us, O Lord," will be sung for the first time this evening at Sinai Temple, Rev. J. Weinstock officiating, assisted by the quartette.

Free Lecture on Christian Science.

The Christian Science churches of Los Angeles announce free lecture on Christian Science by Jacob S. Shield, C.S.B., of Chicago, a member of the board of directors of the mother church, the First Church of Christ Scientist, Boston. The lecture will be given in Shrine Auditorium Sunday afternoon at 3 o'clock, and the public is cordially invited.

Party from East.

Traveling in his private car, Ideal, and from San Bernardino to Riverside by special train, Lewis Tiffany of Tiffany & Co., New York, and party, will arrive here March 9, to spend some days at the Glenwood Mission Inn, according to advice received yesterday by the Santa Fe passenger department.

Birth of a New Era.

"We are watching the birth of a new era," said Reynold E. Blight in an address before the Civic Center at the harbor last night, on "The New Patriotism." "The great European war closed an epoch and a new world is coming to dawn. America must keep out of the present imbroglio and maintain the peace at all costs so that she may take her rightful place as the world leader in the cause of peace, progress and civilization."

Visitors from Cincinnati.

Dr. Charles A. L. Reed of Cincinnati, a surgeon of international reputation, accompanied by his wife and daughter, are guests of Mr. and Mrs. John F. Humphreys, at their home on Pico boulevard, opposite Polytechnic station. The Reed family has been in Los Angeles for several days, and gives it as his opinion that Los Angeles is within fifteen years the fourth if not the third city in the United States.

Temple B'Nai B'rith.

Sabbath services will be held at Temple B'Nai B'rith this evening at 8 o'clock and tomorrow morning at 10:30 with the Juvenile Sabbath service preceding at 9:45. Dr. Hecht will be in charge, and speak tonight on "The Father of His Country and His Children." Tomorrow morning he will speak on "Offerings" as suggested by the current scripture lesson. The children will be addressed by Mrs. K. Roth. The beautiful solo, "How Goodly are the Tents," will be sung this evening by Miss Julia Key Christine.

Visitors from Chilly Oshkosh.

Col. John Hicks, former United States Minister to Chile; James P. Gould, president of the Gould Manufacturing Company; and Thomas Daily, president of the Commercial National Bank, all of Oshkosh, Wis., are in Los Angeles for a few days, accompanied by their wives and by the widow of a wealthy Oshkosh lumberman, Mrs. M. A. Bray. They are en route to the Clark Hotel, on Monday, February 22, leaving San Diego at 8 p.m.

Campaign Opens Today.

The first meeting of the interdenominational evangelistic campaign will be noon-day service in the First Methodist Church today. It will open at 11:10 o'clock and close at 12:50 p.m., giving men time to get back to their places of business by 1 o'clock. Dr. Locke will preach the sermon and there will be an attractive programme of music. The first mass-meeting will be held on Sunday afternoon at 3 o'clock in the same church. Rev. Russell F. Thorne will preside, and Mel Trotter, Dr. James A. Francis and Dr. John Balcom Shaw will speak. The campaign will continue until Easter, by which time it is hoped to gather 5000 new members into the churches.

Undelivered Telegrams.

There are telegrams at the Western Union for T. H. Cooney, Mrs. W. L. Dorsey, W. C. Gruendike, R. C. Hanford, Ira J. Herbert, Mrs. E. R. Herrick, A. F. Hinch, F. J. Johnson, E. J. Massager, T. D. Murphy, E. S. McCord, Ralph E. Rich, Lee C. Siebert, S. Tennenbaum and William J. Wood. At the Postal for S. H. Hutton, John McCarthy, J. B. Carman and Frank Caviness.

—and the Worst Is Yet to Come

PERSONALS

Mrs. Clara Baldwin Stocker left last evening on the Saint in her private car California for San Francisco, to attend the opening of the exposition.

W. S. Schmidt, banker, of St. Louis, is at the Hayward. Other guests at the same hotel are G. C. Webb, Jr., lumber dealer, of Tacoma; S. M. Mount and George Roth, real estate dealers, of St. Louis; and A. A. Gosard, cattle dealer, of El Paso.

Recent arrivals at the Huntley are Mrs. E. M. Leach and her daughter, Mrs. Opal Leach, and Mrs. E. L. Cranford, all of Minneapolis; Mr. and Mrs. D. L. Clark and their son, F. W. Clark, of McKeessport, Pa.; and E. F. Chapman of Boston.

Percy E. Egeas, world traveler from London, is at the Clark and also the following: Walter C. Zinn, grain dealer of Chicago; L. M. Pugh, lumber dealer of Winnipeg; S. J. Sachs, chain operator, Phoenix; H. E. Phillips, banker, and Mrs. Phillips of Winnipeg.

Morgan Gardner Bulkeley, United States Senator from Connecticut and president of the Aetna Life Insurance Company, will head a party of Hartford notables, who will arrive here March 8, according to advice received yesterday by the Santa Fe passenger department.

The guests at the Van Nuys include the following: S. W. Cook, hardware merchant, and Mrs. Cook, and Stephen Ester, banker, all of Evanston, Ill.; Charles A. Brown, shoe manufacturer, and Mrs. Brown of St. Louis; A. C. Anderson, mine operator, of Denver; and D. J. Higgins, grain dealer, of Chicago.

Mr. and Mrs. William Canady and their daughter, Miss Margaret Canady, of Danville, Ill., are at the Lankershim for a stay of several months. All of the members of the Canady family are in Los Angeles. Mrs. Canady is a guest at the hotel. Mrs. Brehm gave a dinner party for her relatives and several of their friends recently at the Lankershim. The Canadys were guests of honor at a dinner party last evening at Levy's.

Mr. and Mrs. Richard O'Brien of St. John, New Brunswick, are in Los Angeles for the winter season, with headquarters at the Burlington. Mr. O'Brien is managing director of the St. John Daily Globe, having entered the employ of the newspaper when he was a boy and advanced to positions of responsibility. He is chairman of the free library board of his home city and also has been active in local and national politics.

F. M. Burns, fashion expert and Pacific Coast manager for a Cincinnati cloak and suit house, is at the Alexandria. Other guests are Hiram A. Long, manager of the exhibit of the Baird-North Company, Jewelers of Providence, at the Panama-Pacific Exposition in San Francisco; R. W. Brown, dry goods merchant, and Mrs. Brown of Cleveland; George E. Markham, broker of New York City; Benjamin Dinn, lumber operator of Bay City, Mich.; and A. T. Kinney, banker, and Mrs. Kinney of Cleveland.

CHURCH TURKEY DINNER.
The women of the First Universalist Church will give a turkey dinner this evening for the benefit of the church building fund. Following the dinner there will be a free entertainment.

Special Trains.
San Diego to Los Angeles.
For the accommodation of Exposition visitors, Santa Fe will run a special train from San Diego to Los Angeles on Sunday, February 21. Will leave San Diego at 8 p.m. and arrive Los Angeles at 8 a.m. Monday, February 22, leaving San Diego at 8 p.m.

BUSINESS BRIVITIES.
(Advertisers.)

Matheson's, now at No. 737 South Broadway, wishes to correct a wrong impression regarding the lines of merchandise now being sold. We are, as in the past, handling wearing apparel and furnishings for men and women, maintaining throughout the same standards that have characterized this store for the last fifteen years.

Every mother knows how practical are the K & S. tapeless blouses for boys. Harris & Frank, whose boys department is probably the largest west of St. Louis, have just received a large shipment of them in the newest styles and latest patterns. Sizes are 4 to 16 years, priced from 50 cents to \$3.

For quick action drop answers to Times "liners" in Times "liner" boxes in downtown office buildings. The locations of the boxes are printed in the first column of The Times "liner" section.

Dr. A. Polasky, optometrist, is now at Wilhelm Apartments, 639 S. Grand ave. Phone 32601. Hours 10 to 3. The Times Branch Office, No. 619 South Spring street. Advertisements and subscriptions taken.

Magae, the latter, 106 S. Broadway.

It is Just Natural
To Admire Babies

Our altruistic nature impels love for the
cooling infant. And at the same time
the subject of motherhood is even
before us. To know what to do that
will add to the physical comfort of
motherhood is a subject that has inter-
ested most women of all times. One of
the real helpful things is an external
abdominal application sold in most
drug stores under the name of "Mother's
Friend." We have known so many grand-
mothers who have used it for their grand-
children, who have used it for their own
relief from the strain and pain so often
relieved from the strain and pain so often
unnecessarily severe during the period of
expectancy.

A little book entitled by Bradford Regu-
lator Co., 305 Lamar Bldg., Atlanta, Ga.
refers to many things that women like to
read about. It refers not only to the
present but also to the future. It refers
to the future of the mother and child.
It refers to the future of the mother and
child. It refers to the future of the mother
and child. It refers to the future of the
mother and child. It refers to the future

ALLEGED EMBEZZLER

COMING TO SURRENDER.
W. Young Writes He'll Give Himself Up and Expose a Banker.

Long-missing Long Beach Realty Operator, Accused of Having Got Away with a Fortune of His Client's Money, Due Here in Four Days—Lawyer Says

Partner is to Blame for Big Shortages.

After Many Months.
During Young's absence, Mrs. Young, who resides with her three children in a beautiful home in Long Beach, where she is prominent in society, has labored night and day, according to her friends, to settle her husband's affairs, and in financially aiding many of the poorer victims of the alleged embezzlement. She declared last night that her husband "will satisfy all claims and do the right thing by everybody."
MANY WOMEN COMPLAIN.
Officials of the trust department of the Los Angeles Trust and Savings Bank, through which the subdivisions in which Young was most active were cleared, said yesterday that scores of women complained since Young's disappearance that he had accepted first payments on land and that they subsequently received no bank receipt or contract. According to the District Attorney's office, that was Young's scheme to mislead his clients. One woman wrote the District Attorney from Ontario, Cal., that she had paid Young \$2400 for full title to property and had received no title. This is a sample of many similar transactions.
The Los Angeles Realty Board was asked by the District Attorney's office at the time of Young's departure to assist in apprehending him. Young, it was learned recently, had been under the observation of the board for months before his arrest was actively sought. Various members of the board, in fact, had been quietly securing evidence about his alleged manipulations.

To Involve a Long Beach Capitalist.

J. W. Young.
Missing Long Beach realty operator and accused of embezzling about \$75,000 of money belonging to his clients. He notified his lawyers yesterday that he will return and give himself up, at the same time making startling disclosures regarding the alleged thefts.

FIVE THOUSAND DOLLARS FOR JITNEYS' VICTIMS.

Redrafted Motor Bus Ordinance, Finished by the City Attorney, Goes to Utilities Committee Today—Under it Drivers Have Choice of Insuring Passengers or Filing Indemnity Bond with City.

THE unsatisfactory jitney bus ordinance which some time ago was referred "back" to the City Attorney's office for redrafting, emerged again yesterday clothed in more words than ever and with one real new kick in it.
This is contained in the alternative provision that drivers of the nickel-chasers must either take out an insurance policy guaranteeing their patrons against injury or must file an indemnity bond with the city covering the same point, and in addition their own faithful observance of the ordinance in all its provisions. The amount of the policy and of the bond is left blank in the ordinance draft.
For the purposes of this ordinance the word "street" is defined to mean and include any street, avenue, boulevard, lane, alley, path, square, court, or place used by or laid out for the use of vehicles.
GETTING PERMITS.
Section 2—It shall be unlawful for any person to operate any motor bus upon or along any public street in the city of Los Angeles, unless such person shall first obtain a permit from the Board of Police Commissioners, and in accordance with the provisions of sections 1, 2, 3 and 4 of ordinance No. 29,226 (new series), entitled "An ordinance regulating the transportation of passengers for hire in vehicles upon the public streets, providing for the issuance of permits therefor, providing for the regulation of the operation of such vehicles and providing for the issuance of permits therefor."
(Continued on Third Page.)

DANCES WAY TO LOVE, RICHES.

So She will Soon be Bride of Wealthy Broker.

Chorus Girl's Heart Story Bowered in Orchids.

Will Blossom to Wedlock in Less than Month.

Romance.
Frank, the stage door man, knew it four days ago, but not until last night was it announced that May Harrington, one of the attractive girls in the Morocco chorus, is engaged to marry Richard Mason, a reputed millionaire broker of Boston, passing the winter in Pasadena. The engagement came about last week, the wedding is to be celebrated in three weeks, and in less than a month from the day that their love was pledged they will be on their honeymoon bound for Honolulu.
The romance is as rich as any legend of the chorus, carrying a Pittsburgh flavor in the speed of the affair and the wealth of the prospective groom, for the first time the wealthy Mr. Mason saw his footlight fiancée was less than a month ago at the Majestic where she was playing in "When Dreams Come True" with the Joseph Santley company.
Being young, he loved ardently, and being rich, he loved aggressively, and as he was the right man, he was loved in return. He was sitting in the lower box at the right side of the stage, when Miss Harrington, in a costume that looked like a million dollars, made more attractive the young woman who wore it, daintily tripped to the footlights in one of the chorus dances. She looked directly upon Mr. Mason, not knowing that he was either rich or susceptible, and she gave a wink, a devilish sort of a flicker of the eye. It was impersonal and coquettish, and customary, but it was enough.
Before the show was over there was a card at the stage door awaiting Miss May Harrington, and a request that Mr. Mason be permitted to present himself. Miss Harrington took the card and that was the end of it.
Next night when she appeared, there was a magnificent bunch of roses in her room. And after the show she was invited to join a little dinner party given by a friend. As a member of the party she met Richard. Miss Harrington transferred her efforts from the Majestic to the Morocco, where she was one of the beautiful units of the chorus in "The Arcadians." Each night, Mr. Mason sat in the right lower box.
Other girls in the chorus began to realize the wooing that was in progress. One night Miss Harrington came to work in a splendor that made the entire chorus gasp. She was driving her own runabout, a gorgeous thing done in colors, and costing thousands. And every night her dress was new, and every night her room was packed in flowers, and there were orchids for her waist.
Four nights ago Miss Harrington came late to work. Frank, who watches the stage door, was resting with his feet across the aisle. As Miss Harrington rushed in, she tripped over Frank's feet. She recovered herself breathlessly, and then to Frank's amazement she merely said: "Release of me wasn't it, but I am so happy." Never had such a thing happened before and Frank knew that something important had happened.
The next day it was proven in the big diamond ring that Miss Harrington wore and last night she told her friends that she would leave the stage within a week, having given notice. She is preparing her trousseau, and with her husband will live in Pasadena after the honeymoon.
Mr. Mason could not be found last night. Miss Harrington was reluctant to talk of him and refused to give his address.

Theirs a Romance of the Footlights.

She winks and he sends her a card
And now the maid, Miss May Harrington, a chorus girl, and the man, Richard Mason, reputed Boston millionaire broker, are to be wed.

LONG, NARROW LOT IS SOLD.

HUNDRED AND FIFTY THOUSAND DOLLARS INVOLVED.

Property Between Seventh and Eighth Street Taken Over as an Investment and Improvement to be Made When Lease Expires Two Years Hence.
The first 1915 real estate deal on South Spring street was made yesterday afternoon, when W. H. Stinson sold to B. F. Graham a lot on the east side, half way between Seventh and Eighth streets. The transaction, involving a reported consideration of \$150,000, was handled through W. B. Merwin & Co.
The property has a frontage of twenty-five feet on Spring and extends through to Main, where the depth is twenty-six feet. The depth is 188 feet.
The present improvements consist of a one-story brick building covering the entire ground, with store fronts on both Spring and Main. The structure is occupied by the Pierce Deak Company, under a lease which has two years more of life.
Graham is widely known in realty circles throughout the state, having extensive land interests in various parts of the San Joaquin Valley. He is the principal owner of a large holding known as the San Joaquin Valley Farm Lands tract. The Spring street purchase is his first acquisition of city business property.
The consideration is partly cash and partly securities of the land company owning the farm lands tract. It is Mr. Graham's intention to hold the downtown property as an investment, erecting a substantial improvement when the present lease expires.

WAVE-BATTERED VENICE SEEKS GOVERNMENT AID.

For Adequate Seawall.
Barriers that have been swept away under the onslaughts of heavy seas. Engineers have been employed from time to time and various methods have been devised, but the inevitable result is destruction or impairment. The Venice committee, however, view that the government should aid, either financially or otherwise, in the construction of stable seawalls that will resist the battering of the waves. Maj. Raymond is concerned only in matters affecting navigation and as the Venice seawall problem is not a matter of navigation, he was reluctant to offer any tangible suggestion.
However, at subsequent meetings with the committee, it is expected a general plan, if only advisory in its nature, will be adopted whereby the government can co-operate with the Chamber of Commerce at Venice in the ultimate construction of a seawall that will stand for all time.

A. B. Blackstone Co.
"Watch Your Step"
is a new conceit. A sleeveless, black lace bolero. Empire effect, satin piping. Over a white blouse it is particularly striking—\$3.75.

New size Body Brussels Rugs in a good assortment of pleasing designs, mostly brown and green effects. Sizes 6x10, 9x10.6 and 9x12, but only 10 in the lot. Choice \$17.50.

318-320-322 South Broadway

DYNAMITE LEFT ON CAR BY DEFEATED ROBBERS.

IT DEVELOPED yesterday that the desperadoes who held up and attempted to rob the Southern Pacific Owl train near Saugus early Wednesday night were well supplied with dynamite. Ten sticks of the explosive were found on the door ledge of the mail car soon after the bandits disappeared, and the authorities are working upon the discovery as a tangible clue to running down the outlaws. The dynamite is of exceptionally high power, the kind which only men of long experience dare handle, and for that reason it is believed the bandits are one of the most dangerous type of crooks.
S. W. Gebhardt, one of the mail clerks who boarded the door of the car so securely that the outlaws were compelled to give up the attempt to enter it, told the railroad detectives that a partially-burned fuse was attached to the dynamite, which was lying on the sill, covered with rocks to hold it in position. Theories differ as to the reason for placing the dynamite under the door, but it is generally accepted that the bandits tried to use it in revenge for the stubborn resistance made by the mail clerks.
That the outlaws had the dynamite for the purpose of "blowing" the safe is unquestioned, but it is believed when they found they were foiled in their attempt to get inside they decided to wreck the car and at the same time slaughter the clerks. What made them abandon the job is a mystery.
A dozen deputy sheriffs yesterday combed the Saugus hills for the bandits, but without success. Early in the morning they arrested three suspects, but later released them.
Information from San Francisco last night was that the Owl carried many passengers of prominence, among them being President Sproule of the Southern Pacific. Mr. Sproule knew nothing of the hold-up until he arrived in the Bay City yesterday morning. The bandits compelled the train crew to detach the passenger coaches before they attempted to enter the mail car.
Announcement was made yesterday that in the future all passenger trains running between here and San Francisco will be protected from bandits by armed guards.

THIRD OF ROBBER TRIO ARRESTED.

LAST OF MEN WHO HELD UP CAFE OWNER CAUGHT IN OAKLAND.

The last of the trio of hold-up men implicated in the confession of C. E. Sligh, the hold-up man who was held up and robbed Fred Harlow and two private detectives, at the Harlow home on Chimeron street, last November, was arrested yesterday afternoon by the police of Oakland.
According to telegraphic advices received by the police here, the man gave his name as Alfred Solis, and made a complete confession of his part in the hold-up of the cafe proprietor.
Sligh was arrested Monday and made a complete confession which enabled the police to clear up robberies involving more than \$2000, that have occurred here in the last two months.
In his confession he implicated Frank Morrow, who was at one time a waiter in Mr. Harlow's cafe. Morrow was arrested last Wednesday afternoon and gave the police the lead on which the last man was captured. Practically none of the stolen goods were recovered as the men had melted down the gold and sold it to a man who is watched in San Francisco. The original confession of Sligh, which enabled the police to trace the other men, was signed by his wife, who promised to wait for him until his term in the penitentiary is served.

SMUGGLER DYING.

William Freeman, who some time ago was convicted of smuggling Chinese and sentenced to McNeil's Island, was taken from the County Jail yesterday to the County Hospital, with a supposed fatal illness. Freeman has been sick ever since he was sentenced by Judge Wellborn, and it was not considered safe to have him removed to the northern prison.

Before Buying a Player Piano Protect Your Investment by Hearing An Apollo

If you buy a piano for tone alone; the Apollo will positively please you. Its tone has made the Apollo famous.

If, with this tone you want a Player Piano that renders music with all the expression—all the faultless technique of the Master Musician you will be amazed at Apollo results.

Investigate These Important Features
The Metronome Motor—the Dynastyle—the Solo—the Down Touch—you'll find them all in the Apollo.

Our Special Window Display
The magnificent new model Apollos now on display—see the ones in our window, then come in and let us give you a demonstration.

Your Used Piano Accepted in Part Payment.

MOVEMENTS IN SOCIETY.

TWO charming visitors from the East, who spend a part of each winter in Los Angeles and who add their delightful personalities to many society affairs, are Mrs. George Stegmaier and her daughter, Miss Kathleen Stegmaier, of Wilkesbarre, Pa. They are at present the guests of Mrs. Philip Forre, No. 427 Westlake avenue, and will remain until Easter.

Thursday evening Mrs. Forre entertained with dinner in their honor, covers being laid for twenty-four. Among the guests were the Marquis Maloney of Philadelphia and his daughter, Mrs. Arthur Osborn, and Mr. and Mrs. F. Clark of New York.

Mrs. O. P. Brant entertained yesterday for Mrs. Stegmaier with a dainty luncheon at her beautiful home on South Figueroa street.

Matinee Party.
Miss Delight Schaffer and Miss Phila Miller were the honored guests a day or so ago at a matinee party given by Miss Helen Jones of West Twenty-eighth street. Following the matinee the guests were served tea at the Alexandria. Those enjoying the afternoon were Miss Schaffer, Miss Miller, Mrs. Stuart O'Melveny, Miss Clara Watson, Miss Theodore Robbins, Miss Daphne Drake, Miss Juliette Rolland and Miss Louise Hunt.

Visitors from London.
Mr. and Mrs. William Truman of London, Eng., have just arrived in Los Angeles.

HAVE YOU Ever Visited the Cawston Ostrich Farm—

South Pasadena. See the giant ostriches carry passengers on their backs. See these beautiful birds eat whole oranges. Great sport. A delightful day's outing in a beautiful, California garden. BOUND TRIP INCLUDING. ADMISSION TO FARM ONLY... 25c

J. W. Jacob of St. Louis. This week Mrs. Hinchcliffe will entertain at her house guest Mrs. Hain Ryan of London, Eng.

Informal Tea.

In honor of Miss Pauline Vollmer, who is soon to marry Dr. Wood, Miss Clara Leonard of No. 3 Chester Place entertained a day or so ago with an informal tea, to which more than 100 guests were invited.

For San Francisco Guest.

Mrs. James Byrne of Rampart street will entertain with an enjoyable bridge luncheon Saturday afternoon, honoring Mrs. Samuel Henry of San Francisco, who is her house guest. This will be assisted by her sister, Mrs. George Pennington, Mrs. David Unruh and Mrs. Robert Goring.

Alpha Rho Sorority.

The active and alumni members of the Alpha Rho Sorority entertained Monday evening with a "road show" at their lodge, No. 1475 South Figueroa street, complimenting their eight rushers. The first number on the program was a kindergarten shift given by the alumni girls in kiddie clothes. This was followed by Hawaiian songs in native costumes by Miss Widney Watson and Miss Margaret Olds. Miss Katherine Obeas impersonated Sara Bernhardt, and Miss Rowena Beach and Miss Louise Spencer, Mr. and Mrs. Vernon Castle in their exhibition dancing. Caroline Woodhull gave excerpts from "Madame Butterfly."

Forty guests were included and light refreshments were served.

Recent Wedding.

At the home of the bride, No. 774 East Pico street, Charles A. Jones and Miss Grace E. Works were married at 10:30 last Sunday morning in the presence of immediate relatives.

The Rev. Frank C. Edwards of the Haven Methodist Church was the officiating clergyman.

Mr. and Mrs. Jensen are spending a short honeymoon in San Diego. After March 1 they will be at home at No. 1121 East Twenty-seventh street.

Will Wed Soon.

Announcement has been made of the engagement of Miss Ella Asher, popular young school teacher of this city, to J. L. Rogers of San Diego. The wedding will take place this spring.

Visit Fair.

Judge and Mrs. J. H. Pryor of Pasadena have gone to San Francisco to attend the opening of the fair, and have taken apartments at the Palace Hotel for a month. Owing to the terrible condition of the roads between San Luis Obispo and Bakersfield, they were compelled to ship their touring car by water.

To Tour the Orient.

The following Angelenos will leave Los Angeles March 5 on a two months' tour of the Orient: Mrs. Clara Mitchell, Miss M. Pierson, J. F. Burkhardt, Mr. and Mrs. D. W. Barker, Dr. and Mrs. Arthur Watts, Mrs. James McPherson, Miss A. De Camp, Mr. and Mrs. William Mason, Mrs. James Ross, Mr. and Mrs. R. H. Gaylord and Miss Helen Johnson. The party will sail from San Francisco March 5 on the new Japanese liner Tenyo Maru, proceeding to Honolulu, Japan, China, the Philippines and return. The party will tour Japan during cherry-blossom season.

ONE DAY IN JAIL.

Ex-Policeman, ex-Mail Carrier and Present Thief from the Post Bag is Let Off Easily.

Frank H. Haskell, a former rural mail-route carrier at San Gabriel, was sentenced to one day in the County Jail by Judge Bledsoe yesterday, following a plea of guilty.

Patrons of the San Gabriel office had been complaining for some time that money and valuables consigned to the mails had disappeared. Post-office Inspector Bangor "planted" \$5 in a letter and awaited developments. The envelope containing the money did not appear at the postoffice, and it was afterward found in possession of Haskell. The ex-carrier is a former Indianapolis (Ind.) policeman.

LADIES! Make up a party of friends to take in the Times excursion to the fair, Sunday and Monday. Two-dollar ticket includes railroad fare, meals, accommodations and a round-trip to the fair grounds. Reservations at The Times Excursion Department. First and Broadway.

Arnold Krauss Gives Recital.

POPULAR MUSICIAN WINS FAVOR AT GAMUT CLUB.

Former Symphony Concert Master Makes First Appearance at Yrmosco After Sixteen Years, Offering Interesting Program—Mendelssohn Numbers Best Liked.

Unusual interest attended the violin recital of Arnold Krauss at the Gamut Club last night. According to his own statement, it was his first recital in sixteen years, and yet, thanks to his long and able connection with the Symphony Orchestra, few musicians are better known locally than he or held in higher esteem.

It is difficult to analyze the playing of these concert masters who turn virtuoso. Both Krauss and Edmund Bee evince the same peculiarity of delivery, a certain restraint or aloofness, as though the mind, fully cognizant of the fact that there is a vast gulf between solo and ensemble work, was trying to keep well-developed habits in the background.

This makes for an uneven delivery, with certain numbers subjected to only ordinary rendition, while others were simply superb, and left one at odds with himself as to the real genius of the man.

Krauss is a master of double-string harmony, and evidently knows it, for his programs afforded him several delightful opportunities to display his perfection in this regard. He was decidedly more at home with Mendelssohn than Tchaikowsky, but may be this was because the Russian came first. The artist improved markedly with each number.

Following is the complete program which he offered, assisted by Anna Schulmann:

Concerto, No. 1, in D major, Tchaikowsky.

Condensed Interviews

By Sam

The Aging Bohemian.

"Write my history and my epitaph in one sentence: She was a blonde."

WOMEN'S WORK, WOMEN'S CLUBS.

Programme of Interest for Today.

Mrs. Loraine Wyman, who will make her first appearance before a California audience as soloist at the Friday Morning Club "Chansons of Crinoline" today, is to introduce her songs by informal preface interpretations. She will give intimate glimpses of her song people by appearing in authentic costumes of the period and country. Her accompanist, Mr. Doane, has fortunately arrived in time to participate in the musicale, and will share honors on the programme.

The Felicitous Lawrence of suffrage fame is to be special guests at the luncheon following, as will Mrs. James O. Berryhill, Mrs. Homer Miller, ex-president of the Iowa Federated Clubs, also in the city and will attend.

This morning's session is for members only.

"When God Forgets" Reviewed.

Euthanasia, or the right to take human life in cases of incurable disease, or to prevent further suffering, was the subject of a lively discussion at the drama section of the Friday Morning Club this week. The theme of the one-act play, "When God Forgets," centers around this somewhat unscannable but much talked-of subject, and opened wide avenues of opinion pro and con, which were freely advanced at the informal discussion which closed the afternoon's programme.

Granville Forbes Sturgis, Ph.D., advocated in lieu of euthanasia that a criminal, for instance, be turned over "sentenced to the custody of" his exact words) to a reputable psychologist, with permission to operate when the location of his miasma—thief, lying, murderer—had been found. If the operation proved successful the man would be restored to a useful life in the community; if unsuccessful and death ensued, he paid the penalty with his life, and incidentally enriched scientific investigation.

"When God Forgets" is the one-act play written by Arkady Risakov, who makes his home among the best fields of Colorado. He is a young Russian, who has already won several prizes for his writings. Dr. Sturgis held his audience in rapt attention as he reviewed the powerful, clever, weird drama, reading from the unpublished manuscript. He introduced the reading with a scholarly talk on "Toward the New Drama."

Mrs. Goldsmith's Morning.

The Ebell drama department enjoyed an unusually fine programme on Wednesday morning, when Mrs. Lilian Burkhardt Goldsmith reviewed Edward Sheldon's two books, "Romance" and "The High Road," and talked on the Little Theater, and why it failed. Mrs. Goldsmith attributed the failure to an omission—there were no gallery seats, and discriminating people often occupy the less expensive gallery. "The gallery makes for the success of every play," said the speaker. This gifted woman always has her audience with her, and was given the closest attention in her review. Her candored appearance brought out a large number of members and their friends.

The Ebell yesterday afternoon launched a new section of its chronicle and interesting, "California History and Landmarks," with so able a woman in charge as Mrs. A. S. C. Forbes, the venture cannot fail. It will be remembered that this energetic club woman brought to fruition the placing of the mission bells along El Caminito Real, and also instituted the memorial day naval display.

JUDGMENT AFFIRMED.

The State Supreme Court has affirmed the judgment of the Superior Court of Los Angeles county in denying to Jesse M. Bell an application to have vacated an order in favor of Mr. and Mrs. Hugh Krauss, for the adoption of Bell's daughter, Miss Allison. It was alleged on the part of Bell that the adoption was executed without his consent.

Miss Kathleen Stegmaier

Of Wilkesbarre, Pa., who is the guest until Easter of Mrs. Philip Forre.

HATCHERY TO
BE IN SOUTH.Trout are to be Hatched in
San Antonio.Forestry Department has to
O.K. Plan.Southern Streams will be
Fisherman's.The State Fish and Game Commis-
sion is to establish a trout hatchery in
Southern California. This means that
this section will soon be a fisher-
man's paradise.Arrangements to this effect have
been under way for some time. Yes-
terday Ernest Schaeffle, executive offi-
cer of the commission; W. H. Shab-
ley, superintendent of hatcheries; M.
J. Connell, who is the local commis-
sioner, and Harry Prichard, chief local
deputy, returned from the San An-
tonio Canyon, where they had gone to
look over some proposed sites.They announced that an ideal loca-
tion had been found and that the
matter would be at once taken up
with R. H. Charlton, who is the su-
pervisor of the Angeles Forest, when
he returns from the mountains today.WILL INDORE PLAN.
The Forestry Department will un-
doubtedly indorse the plan, as Charl-
ton is greatly interested in the con-
servation of fish and game and the
work of the commission. Preparations
for the construction of the hatchery
will be begun as soon as the permit
is granted.With the hatchery in Bear Valley
supplying the San Bernardino county
streams with fish every year and the
State institution in operation there
will soon be enough trout in Southern
California for everybody.In this State there are 26,000 miles
of running streams in which fish can
live. If all the water in the lakes and
streams was put into a stream sixty
feet wide and thirty feet deep it would
reach 400,000 miles. By this it can
be seen that the problem of restock-
ing the California streams with trout
and salmon is a great one.TROUT DISTRIBUTIONS.
Superintendent Shabley stated in
his last fish distribution report that
37,325,000 trout and salmon had been
distributed from the hatcheries of this
State during the year of 1914. Of this
number 11,867,000 were trout of various
varieties and 25,327,000 were sal-
mon.The Sisson hatchery, which has
been supplying this section, shipped
7,832,000 trout and 21,389,000 salmon,
a total of 29,221,000 fish. The Ta-
hache hatchery turned out 2,977,000
trout. The Price Creek hatchery was
credited with 406,000 trout and 2,948,-
000 salmon, a total of 3,354,000 fish.
The Ukiah hatchery distributed 560,-
000 trout, while the Wawona institu-
tion sent out 222,000 of the same.With the few streams in this end
of the State that fish can live in, a
hatchery here will mean some won-
derful fishing.GOLF PROS TO BE
AT SANTA BARBARA.TOURNAMENT EXTENDED TO
TAKE IN TWO MORE
DAYS.SANTA BARBARA, Feb. 18.—Be-
cause of the unusual interest expressed
in the golf tournament to take place
on the new links of the Santa Barbara
Golf Club at Montecito, the series of
games have been extended from March
1 to 7, instead of beginning on the
3rd of March as was originally
planned.The two professionals to match
skill on the country club green will be
Gilbert Nichols of Wilmington, Mass.,
and Mike Brann of Wallington, Mass.
They will engage in a 26-hole meadow
play, which will be watched with in-
terest by professionals as well as
amateurs.Others taking part in the plays dur-
ing the tournament will include Ernest
Minnin, Bob Simpson, Hut Martin,
Frank Peabody, Al Berrien, Joe Mar-
tin and A. Rigby. Later these players
will visit the Midwick Club for the
tournament scheduled there for March
23 and 24."MARTY" GIVEN
UNTIL MARCH.PORTLAND, Feb. 18.—If he
persists in "holding out" on the
Portland champions, Elmer
Martinson may be sorry. His
boss, Walter McCredie, issued a
statement today, in which he
declared he would not recog-
nize the rights of neutral pitch-
ers after March 1."If Martinson's contract is
not here by March 1 he will pay
his own expenses to training
camp," said Manager McCredie.The judge expects to send con-
tracts to the Atlantic seaboard
Beavers February 24 and to the
Middlewesterners February 25,
to those in the Northwest Feb-
ruary 26 and to the California
contingent March 1. We have
offered to him all we can afford
now."

Coyote shooting from an aeroplane.

Glenn Martin took Fred Mills, a famous shot, up with him in his aeroplane yesterday afternoon from Griffith Park and when they returned they had three coyotes and two bobcats as trophies of the chase.

NEW HORSES AT
ASCOT TOMORROW.ALL THE EVENTS ARE WELL
FILLED.Winners Meet in Handicap Satur-
day and Sunday—Best Gallopers
will be Sent a Mile—Two New
Jockies to Be Up—Seven Horses in
Pacific Handicap.Five races are carded for tomorrow
at Ascot Park with a total of thirty-
two starters. Several new horses will
come to the post. In the first race
Bonnie Regg, owned by C. F. Lanier,
is entered. This event is at three and
a half furlongs. In the third race,
five furlongs, Butterfly, Polo, Merry-
go-Round and John R. McClellan are
new ones. The first two are the prop-
erty of J. Vogt. Merry-go-Round is
entered by F. Weir, while E. J. Leven-
good is sponsor for John.Seven fast horses are entered in the
Pacific handicap. They include Ves-
pasian, Clandestine, Light Comedy,
Lady M., Dazzle (the winner of both
handicaps last week), Glenart and
Lucky R.In the fifth race, six furlongs, F.
Weir has entered Minnie R., a new
starter.The half-mile handicap should be
an even better race than that of last
Sunday, which Dazzle won in a good
finish.On Sunday a mile handicap will be
carded, with the winners of races so
far entered. The start of this event
will be in front of the grand stand.All of the jockies who rode last
week and one or two new boys will
be up tomorrow. Last week Jockies
Willis, Neary and Pegg divided the
riding honors, each boy winning two
races. Other winners were Cox, Rob-
erts, Mentry and Tesch. The entries
for tomorrow's races are the follow-
ing:First race, three and a half fur-
longs: Bonnie Regg, Elizabeth F.,
Darius, Sweetheart, Dr. Williams,
Land Mary, Crack Shot.Second race, four furlongs: Nonie
Lucille, Annie C., Fascination, Hardy,

art, Lucky R.Fifth race, six furlongs: Schot-
tische, The Countess, Reatador, Gluck-
stern, Minnie R.DERRICK MAY
GO TO BROWNS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)

PORTLAND (Or.), Feb. 18.—
Branch Rickey of the St. Louis
Browns is again on the scent of
Frederick Derrick, and Walter
McCredie today disclosed his de-
mands upon his American
League big brother.Manager Mack wants one or
two first basemen drafted by St.
Louis last fall in exchange for
Derrick—Covington, first base-
man on the Birmingham club of
the Southern League, or Kauf-
mann, first baseman on the El-
mira team of the New York
State League."St. Louis has offered Hol-
lander, a shortstop, who was
with Montgomery in the South-
ern League last season," ex-
plained Manager McCredie."Hollander is said to be a first-
class man, but I am not in
quest of any more shortstops. I
don't intend to let Derrick go
up unless St. Louis will give me
a satisfactory first baseman to
fill his place.""Kaufmann and Covington
have not been tried out yet, I
guess, so Rickey doesn't want
to let either of them come if he
can help it."Of the two Mack is said to
favor Covington, because he is
a younger man.JACK JOHNSON IS
IN TAMPICO, MEX.NEGRO HEAVYWEIGHT NOT-
FIES PROMOTERS HE WILL
BE IN JUAREZ SUNDAY.

(BY A. P. NIGHT WIRE)

EL PASO (Tex.), Feb. 18.—Jack
Johnson, the negro heavyweight cham-
pion, who is to fight Jess Willard
at Juarez March 6, landed at Tampico
today, and sent messages to the
promoters of the fight here.He is expected to arrive at Juarez
on Sunday. From Tampico he will
probably take the Cardenas branch of
the Mexican railway, which run di-
rectly west to San Luis Potosi, and
thence travel northward to Torreon
and Juarez.The Carranza representative here
said tonight that Johnson would prob-
ably be given safe conduct to the Villa
line.AEROPLANE IS
FINE ON HUNT.FRED MILLS KILLS COYOTES
FROM SKY.Glenn Martin and Fred Mills go on
Aeroplane Hunt, Get Three Coyotes
and Two Wild Cats—Found Animal
Lurking Near Flocks of Quail.The first aeroplane hunt in South-
ern California was held yesterday af-
ternoon when Glenn Martin and Fred
Mills rose from Griffith Park and sped
away up the San Fernando Valley, to
return with three coyotes and two
wildcats.Both Glenn Martin and Fred Mills
are crack shots. Mills is an excep-
tional fine shot and, of course, did all
the shooting with Martin at the steer-
ing wheel of the biplane."We hurried up the valley," said
Mr. Martin, "flying within a hundred
feet of the ground until we stirred
up a flock of quail. Then we rose and
circled around them in half-mile
swoops. We spotted the coyotes and
wild cats. I came down to within
a 100 feet of the ground when Mr.
Mills shot and killed a coyote. Then
we hurried up again so as not to scare
the others, coming down when we
spotted another."The hunt came at the suggestion of
Bernal Dias. Both Glenn Martin and
Bernal Dias are opposed to the pre-
sent bill before the State Legislature
for the closing of the Angeles reserve.
Both believe that the coyotes and
wildcats kill more game than the
hunters and that a bounty on these
would mean plenty of game."I can prove that if I can find a
good shot," said Mr. Martin to Bernal
Dias. "The coyotes and wild cats
are always in the immediate vicinity
of the game. An aeroplane hunt will
prove that."Bernal Dias looked up Fred Mills,
furnished him with the guns, and am-
munition. Glenn Martin and Fred
Mills, with Bernal Dias watching,
went on their hunt yesterday.The coyotes and wildcats were
where the quail were. Fred Mills's
gun was true. The three coyotes and
two wildcats are on display in the
windows of the Bernal Dias Sport-
ing Goods Store, today.PRACTICE FOR
RACE IN NORTHTwenty Drivers Try Out
Their Cars.Course Still Being Worked on
and Boarded.Harry Grant is Named as
Case Pilot.(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
SAN FRANCISCO, Feb. 18.—Twenty
of the thirty-two drivers who are en-
tered in the Vanderbilt cup and Grand
Prize automobile races, scheduled to
be held over the 2.9-mile course be-
side the exposition grounds on Mon-
day and Saturday of next week, were
out for their first real practice this
afternoon. At 4 o'clock the track
cleared the speedway, which had been
crowded with pedestrians and vehicles,
and turned the course over to the
drivers for one hour's practice.SHARP TURN.
If today's practice may be taken as
a criterion the race will be decidedly
spectacular, if not fast. Growing into
the turns four abreast, with wheels
sliding and brakes locked, the pilots
took chances which caused the spec-
tators to gasp, and many have made
predictions that the two angle turns
will be the scenes of accidents when
the entire field of cars are in action
at one time.The straightaway of 3000 feet, the
longest of the entire course, was the
scene of many close brushes and it
was along this stretch that the pilots
reached the maximum speed of about
eighty miles per hour.BOARDING A MILE.
A force of 300 workmen is engaged
in boarding the one-mile dirt track,
but the indications are that it will
not be ready for practice before Sun-
day morning, when the drivers will
train from 8 until 8 o'clock before the
exposition gates are thrown open to
the general public. Still for the plac-
ing are laid on the wet dirt surface of
the track and, according to experts,
this fact will minimize the danger, as
the moisture will serve to prevent the
splitting of the boards.PATROLLED.
The entire course will be patrolled
by about 1100 soldiers and a picked
squad of exposition guards under the
immediate command of Lieut. W. H.
Simpson, 8th Infantry, U.S.A., as-
signed to Capt. Edward Carpenter, com-
manding officer of the exposition
guards.The military guard will consist of
ten companies from the Coast Artil-
lery and three companies of marines.
Paul J. C. Derkum, manager of the
Venice race which will be held March
17, arrived today and visited the var-
ious racing camps escorted by Frank
Lowry. Derkum stated tonight that
he had the tentative entry of at least
ten cars, and it is probable that the
entrants will sign Venice entry blanks
at the close of the local races.Harry Grant was named today as
the pilot of the second Case entry
after a conference with J. Alex Sisson,
manager of the Case team.ALL-COMERS TO BE
PLAYED AUGUST 30.ALL CLUBS NOTIFIED TO MAKE
APPLICATIONS FOR 1915
CHAMPIONSHIPS.(BY A. P. NIGHT WIRE)
NEW YORK, Feb. 18.—Secretary
E. F. Torrey of the United States
Lawn Tennis Association has an-
nounced the date of the national all-
comers championship tournament as
beginning Monday, August 30, on the
courts of the West Side Tennis Club,
at Forest Hills, L. I.All clubs of the association have
been notified to make applications for
1915 championships and tournaments
on or before Friday, March 12.FANS PURCHASE
DODGER STOCK.(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
NEW YORK BUREAU OF
THE TIMES, Feb. 18.—Charles
H. Ebbetts of the Brooklyn Na-
tional League team announced
today that Brooklyn fans would
get an opportunity to become
part owners in the baseball
club, \$100,000 of the preferred
stock of the organization now
being open to purchase by
them. While this is not an-
nounced as a move against the
Federal League in Brooklyn, it
will undoubtedly be considered
in that light. The impression
is that the fans will support the
club in which they are finan-
cially interested.The plan is the most radical
innovation that has ever
been brought into baseball and
its success or failure will be
watched with close attention.
The total preferred stock in the
club is \$205,000. The fans
share will be sold at the par
value of \$100 a share and
practically on the installment
plan, for only a part payment
will be required, if the pur-
chaser so desires, the balance
being arranged for at a later
time. The stock carries a
guarantee of \$5 per cent.

Women's Singles at Virginia Reach the Semi-Finals.

WOMEN REACH SEMI-FINALS.

Mrs. Henry and Mace Defeat Miss Sutton, Warren.

Mrs. Bourne, Mrs. Henry and Miss Muller Win.

Men's Singles to be Played Today.

(SPECIAL CORRESPONDENCE.)
LONG BEACH, Feb. 18.—While today's session, which marked the opening round of the midwinter tennis tournament being held on the Virginia courts under the auspices of the Southern California tennis club, was not productive of anything particular flashy or brilliant in the racquet pastime, some hard-fought matches were staged in the women's division of the tournament.

The failure of the northern stars—Strachan, Griffin, Curley and Dietrich—to arrive from San Francisco in time to get into the play today gave the courts exclusively to the women, who progressed to the point of playing the semi-finals in the singles. These will be contested tomorrow. The finals will be held over until Monday.

THE PRACTICE MATCH.
Miss Florence Sutton and Winnie Mace were among the tennis celebrities who departed on the asphalt today, in a sort of limbering up process for the strenuous week-end matches scheduled for tomorrow and Saturday.

Florence Sutton went down to defeat in a doubles match this afternoon. Mrs. Henry and Winnie Mace defeated Miss Sutton and Eugene Warren, 6-2, 6-1. This was not a scheduled match, but just a practice for the players. It drew the gallery and brought forth the best tennis of the afternoon.

Considerable defaulting was noticeable during today's forenoon session. In the first match of the tournament Miss Gladys Parker defaulted to Miss Maud Lovell.

Miss Florence Muller had a comparatively easy time in disposing of Miss Cornelia Farber in two sets, 6-2, 6-2.

Miss Robinson defaulted to Miss Florence Sutton.

Miss Harriet Blake, a student of the Los Angeles State Normal School, played her first tournament contest, falling before the more experienced court knowledge of Mrs. Bourne, 6-2, 6-3. Miss Joan McCall defaulted to Miss Robinson, as did Lillian Kingsdale to Miss Florence Sutton. It was expected that the Sutton-Kingsdale match would develop the feature match of the day's schedule this afternoon, and probably would have had both players been present.

Miss Scott defaulted to Mrs. Widdowson, who, in turn, defaulted to Mrs. Bourne. Miss Louise Manser dropped two easy sets to Mrs. Ellis, 6-0, 6-0.

Johnnie Strahan.

San Francisco tennis star, who will play in the midwinter tournament today. He won the California championship from Willie Johnston recently in straight sets and is hailed as the man who will eventually beat McLoughlin.

HUN DISTANCE RUNNERS.

Pomona has Always Been Strong in Long Races Until Annin of Occidental Came—Finished One-Two-Three in Mile and Two-Mile. Himrod, Fisher and Three Sturgis Brothers Best of Pomona Distance Men.

(SPECIAL CORRESPONDENCE.)
CLAREMONT, Feb. 18.—Ever since Pomona has entered track teams in intercollegiate competition, she has produced exceptional distance runners. For years all three places in the mile and two-mile races were conceded to runners wearing the Blue and White, and it was a common sight to see three Huns cross the line at the finish hand in hand.

BILL HIMROD.
Among the greatest of the Sagehen distance men of past years was Himrod, who holds the college record in the mile. Himrod was one of those long, wiry, iron men. He was rarely defeated. His mark of 4m. 36.4-10s. in the mile stood until last spring, when Wood of California ran at Harvard Field in 4m. 28s. flat.

Pomona's greatest two-miler is Fisher, who graduated in 1911. Fisher went through college with a record of never seeing a man from another school cross the line in front of him. In both the Stanford and California meets, he broke the tape an easy winner. Against California he set up a Coast record of 8m. 44s. in the two-mile, a record which stood until 1913.

FISHER THE "COME BACK."
Fisher teaches school now, but always keeps in perfect shape. Every now and then he comes out of retirement to show some present-day star how to run the distances properly. Just last year he defeated Fritchard of Occidental, a man who is regarded as the south's foremost two-miler. Fisher frequently visits the Sagehen institution, and gives pointers mile and two-mile races.

Room 22.
ELEONORA SEARS MAPS OUT ATHLETIC DAYS.

(SPECIAL CORRESPONDENCE.)
SAN DIEGO, Feb. 18.—Eleonora Sears, that is her name or at least the way it appears on the Coronado Hotel register, is not proud, at least when it comes to the number of room, for she has chosen room 23 without so much as referring to the slang significance.

Today that very athletic young woman was up, had breakfast and was off for a ride before most of the millionaire colony at Coronado had thought of rising. Which probably accounts for her clear, fresh complexion.

Her programme for the day sounds more like the routine of an athlete than that of a socialite.

TOUCHARD TO MEET LOVIBOND, FINALS.
INDOOR TENNIS CHAMPIONSHIP REACHES SEMI-FINALS IN FAST GAMES.
(BY A. P. NIGHT WIRE.)
NEW YORK, Feb. 18.—G. F. Touchard, the playing-through champion, and A. M. Lovibond won their places in the final round of the singles in the national indoor championship tennis tournament today on the courts of the Seventh Regiment Armory. Touchard had no difficulty in beating R. R. Fell, a former champion, 6-2,

MIXED FOURSOMES PLAYED ON ANNANDALE COURSE.

Miss Mildred Landreth and Nat Mears Win Trophy in Mixed Foursomes—Only a Dozen Male Golfers Present, but are Very Select Bunch—George Cline Breaks a Date to Play and Doesn't Phone.

BY ADMA WHITAKER.
IT WAS a small but highly select company which gathered for the mixed foursomes at the Annandale Country Club yesterday when Miss Mildred Landreth and Nat Mears won the trophy with a net score of 38 and 4 handicaps.

Mrs. K. K. Parrott and Morris Phillips won the second prize, with a net 39, and 5 handicaps.

There were only a dozen male golfers, but they were a cream-of-the-crop, the kind that lend real distinction to an occasion. There was E. H. Seaver, for instance, who played with Mrs. Dudley Fulton—18 out and 47 in was their joint achievement. There was Ab French, who played with Miss Katherine Mellus. The pair was complimented with a "plus 1," in face of which ominous barrier they made a gross 59, hair 43 for the home half being quite stylish. But an 8 at No. 4 was a lapse from grace.

THE WINNERS.
There was Nat Mears, who steered Miss Mildred Landreth to glory. They dallied by the wayside going out for a 30, but in the homeward half they continued at the clearest, which they took in 1. At the fifteenth they both drove out of bounds, but Mears placing the third drive on the green, they took the hole for 5. A 40 for that homeward nine was the star score of the day.

There was Morris Phillips, who managed to share a second prize with Mrs. Parrott, notwithstanding his contributions to a 7 from the very first tee, an 8 at the tenth, and a 7 at the fifteenth, wears a golf halo at Redlands.

COMPLIMENTS GALORE.
E. N. Wright played with Mrs. Carpenter—18 out, 45 in. Bill Bacon played with Mrs. Parrott—18 out, 45 in. The ladies played with Mrs. Parrott, really a good player, only today things

happened wrong. And Bill, appreciating her kind efforts to his shame, returned the compliment by saying that "Mrs. Parley was approaching splendidly, and Marjory Maddock putting like a whirlwind." The latter played in the same foursome with her partner, Mr. Warner. Craney Gates and Miss Dorothy Moore played with Mrs. Byles and Harold Lamb. The first pair played well for the first six holes, Craney driving into the trees from the very first tee, which proved too hopeful for Miss Moore, so he had to get it out again, and that meant 5 for the hole. But, as they explained, if they had been allowed to play the first six holes over, they would have made an 18. Mrs. Byles and Mr. Lamb had two fours for a 48 going out, and if Mrs. Byles had played as well in her match against Mrs. Frank Griffith the day before, she might have beaten her.

Other players were Mrs. H. D. Regan and Dr. Bentley, Mr. and Mrs. George E. Day, Mr. and Mrs. Mather. The Days made a beautiful 3 at No. 11, but they reached that standard of golf too late to be useful. A dreadful 16 from the first tee took too much lying down.

GEORGE DOBENT PHONE.
The San Gabriel captain, George Cline, is sitting in very hot water. He had a date to play in this tournament and he failed to put in an appearance. His lady partner received the invitation to play as a surprise, pointed, descriptive remarks. He never even phoned—unpardonable offense. A gallant substitute was readily forthcoming, but that is not going to make it any easier for George.

The semi-finals in the women's tournament will be played today, as the ladies did not feel equal to 36 holes yesterday, and the mixed foursomes had prior rights.

The invitation tournament at the Virginia Country Club, Long Beach, opens this morning at 9 a.m.

Players Numbered.
COOPERSTOWN, ONWENTSIA, TO OPEN POLO TOURNAMENT.

(SPECIAL CORRESPONDENCE.)
SAN DIEGO, Feb. 18.—In order that spectators may easily distinguish the players in the big polo tournament, which begins Sunday, the saddle cloths on the ponies will have the number designating the positions of the players on the team.

This, with the aid of the programme, will enable strangers to distinguish the various famous players and the plays they make, and has been arranged by Frank von Tesser, secretary of the Coronado Country Club, with that idea in mind. The Cooperstown and the On-

MEUSEL AND MYSTERIOUS SHORT SIGNED BY DILLON.

Griffith of Washington Releases Irish to Angels Without a String on Him—Dillon Says He has Johnson's Successor—Tigers Leave Tomorrow for Maier's Ranch and Cap's Pitchers Ordered to Report.

WILL FRANK DILLON came here yesterday morning, upon receiving a telegram from Griffith of Washington, releasing the Irish to the Angels without a string on him. Dillon says he has Johnson's successor—Tigers leave tomorrow for Maier's ranch and Cap's pitchers ordered to report.

Cap would not break open the news regarding the name of this mysterious shortstop he had received. Neither will the Silver Eagle announce from what club he had been obtained. He absolutely refuses to allow the slightest clue to slip into plain view and has every person guessing.

The Angels have been advertising for a shortstop since the day Ernie Johnson was moved into a Pullman by George Stovall and went to the Federal League. Thomas Darmody has announced upon several occasions that he has had a score or more individuals from which to pick his shortstop, but will not make public the newcomer's name or the club from which he was secured, although he came from a National League team.

Cap's Pitchers to Report. Cap Dillon has issued train orders for every Angel pitcher to report for spring training at Washington Park tomorrow morning, and for all others to be on hand Monday morn. From then on baseball will monopolize the front pages and headlines, but a few weeks later the old season will be steaming four speeds ahead.

Do hasten, these moments of suspense are telling!

To Maier's Tomorrow. Hap Hogan and his Venice Tigers will leave tomorrow morning for Eddie Maier's salt grass ranch to commence spring training.

At present nearly every member of the club is on hand and practically all representatives of the club will be snuggled up in a Southern Pacific box car when the train pulls out.

Elmer Kestner, Billy Purcell, Hans Mitze and Reiserberg have yet to put in their appearance, but the first three named are expected to climb off the White Sox special when that caravan arrives.

Those who are to go with Hap tomorrow are as follows: Hitt, West, White, Henley and Deanniere, pitchers; Ellis and Yantz, catchers; Hoop, Hetting, Rader and Smith, infielders; Kane, Carlisle, Wilhoit and Bayless, outfielders.

Gleishmann's Fate. As yet Hap Hogan has heard nothing definite from the Baltimore management regarding the chances of securing First Baseman Jack Gleishmann for his Tigers this season. Gleishmann is desirous of catching on with a Coast League club and players who have seen him in action down in the Imperial League have recommended him to the utmost to Hogan.

The big fellow has been holding long-distance conversation with the Orioles club himself, but yesterday announced that nothing pleasing along those lines had been received.

GOLF TOURNEY AT MUNICIPAL.

The Los Angeles Golf Club is to play on the municipal links this afternoon and lasting till Washington's Birthday. The members of the Los Angeles Golf Club are privileged to make their rounds at any time between this afternoon and February 23, so long as they turn in their cards and scores at the end of their play.

GILLETTE STARS IN BASKETBALL.

OLD STARS DEFEAT REDDANDS Y.M.C.A. IN PAST GAME.

REDLANDS, Feb. 18.—Larry Gillette, the former star track man of Pomona College, who is coaching the track team of the High School here, was the star in the fastest game of basketball played here this season. The game was played last night and was between the Y.M.C.A. team and the Old Stars, an aggregation of former college men.

The Old Stars won by a score of 40 to 31. Gillette being responsible for twenty of the goals made by his team. The line-up of the two teams and the goals made by each man follow: Y.M.C.A.—Grassie 11, Covington 10, forward; Sawyer 4, center; Cook 5, Pollard 1, guards. Old Stars—Thornquest 14, Duncan 4, forward; Gillette 20, center; Ford 2, Shirik, guards.

NEW HALL TO HAVE BILLIARD TOURNEY.

Further complications in the billiard whirl are to follow the opening of Harry Hill's establishment at No. 233 South Spring street tomorrow, as the new manager is full of plans for advancing the interests of his favorite game, and has provided a special stage for spectators of the coming matches and exhibitions.

Hill is negotiating with several experts for contests and exhibition play, his auditorium tables being of professional championship dimensions and quality, both carom and pocket styles.

Hill's experience as salesman for Brunswick-Balke-Collender Company, whose best equipment he has secured for his rooms, has fitted him for a field of usefulness in promoting clean competitions in the most scientific game known.

YANKEES TO PLAY FOURTEEN GAMES.

NEW YORK AMERICANS ARRANGE GAMES FOR TRAINING TRIP IN SOUTH.

[BY A. P. NIGHT WIRE.] NEW YORK, Feb. 18.—The training trip schedule of the New York American League club, given out tonight, provides for the playing of fourteen games, of which ten will be in southern cities. The team is due to arrive at the training camp in Savannah on March 1.

LOPEZ TO BOX FOR RILEY TONIGHT.

Joe Lopez, the clever Venice lightweight, will face Walter Ehle tonight for T-Bon Riley at the T.M.A. Hall. Both boys are in fit condition for a hard scrap and it should be a hummer all the way.

Roy Doan, the popular Boyle Heights lad, will tangle with Kid Buddie in the semi-windup. Women will be permitted.

The complete card is as follows: Monk Breen vs. Hank O'Day, Lang Finn vs. Tip O'Neil, Al Boyd vs. Benjie Clark, Euck O'Leary vs. Bob Mitchell, Roy Doan vs. Kid Buddie, Walter Ehle vs. Joe Lopez.

We Must Have VERMILAX

It's just off the press and FREE. Dr. Delaney's new, interesting book on DOGS, entitled "Your Dog's Book," will be YOURS.

SIERRA MADRE WINS MATCH.

JONATHAN CLUB DROPS ALL THREE GAMES.

"Carnation" Whistle is Again the Whole Show at Pocket Billiards. More Robinson than Hagerman in 18-3 Billiards—Ralph Hamlin Drops Three-cushion.

Those who have come to the conclusion that billiards is the king of indoor sports were very much in the limelight last night at the Sierra Madre Club.

The Sierra Madre Ivory handlers proceeded to completely demolish the Jonathan Club last night, being so rude as to walk off with all three games, leaving the chalk dust for the Jonathan members to inhale as a receipt for their evening's performance.

All this gave the Sierra Madre Club the game against the Jonathan organization. "Carnation" Whistle once again demonstrated that he is a wizard when it comes to passing away time in playing pocket billiards, winning from Baker 20 to 174. Even in defeat Baker's beautiful countenance has yet to display anything resembling wrinkles of old age.

This Baker person is a very attractive young chap, and it seems as though he would make a good leading man for Mary Pickford, Blanche Sweet or some other famed movie star of the feminine gender.

The 18-3 ballgame contained more Robinson than Hagerman, and the former took the game home with him, 250 to 157 points. When shooting true to form Robinson is a hard

BERKELEY QUINTET BEATS NEVADA.

WINS BASKETBALL GAME, 28 TO 17, AND TAKES THE CHAMPIONSHIP.

[BY A. P. NIGHT WIRE.] BERKELEY, Feb. 18.—The University of California basketball team defeated the University of Nevada team tonight, 28 to 17. California's victory probably means that the championship of the California-Nevada Intercollegiate Basketball Association will go to the State university.

One more game remains to be played. California will meet Stanford University on a date shortly to be fixed. California so far has won four games and lost none.

BEAR BALL SQUAD PRUNED.

Coach Jimmie Schaeffer Forced to Reduce Squad Before It Goes Fairly Started—Hains Makes Turt Diamond Too Soft—California Practising on Old Field—Freshmen Forced Out.

[SPECIAL CORRESPONDENCE.] UNIVERSITY OF CALIFORNIA, Feb. 18.—Almost before the variety squad has had time to shake the mud from its cleats, it has been out. The heavy rains have curtailed practice greatly, and the cut dropped upon the unsuspecting baseball men before they were hardly acquainted with each other.

Jimmie Schaeffer says that he has been forced to make a reduction because of the inability to handle a big squad in the short time remaining for practice. Of the early-season games which were scheduled only two have been played and the squad has had little chance to limber up.

California faces double difficulties this year on account of the turning of California Field. The turf will not stand hard usage after the rains, and the baseball squad has been forced to use the old baseball field south of California Hall. The use of this field by the variety has thrown the freshmen out, and consequently they have suffered loss of practice, while the variety can only use the field when rain is left out of the programme.

The Survivors. The battery escaped the ax. Sebastian, Glenn and Edwards, the standard trio, are still available for duty. The mask job, undoubtedly, lies between either Sebastian or Glenn. Four men, headed by the veteran Conklin, make a very presentable squad for mound duty. Gekkin, Dodge and Street have all had variety experience and should provide California with three good winners.

Two other pitchers are also being given trials. Holmes is a junior who has shown some ability with a ball while Bingham gained his reputation by pitching for the Freshmen last season.

The infield has Hays, Glenn, Montgomery, Dodson, Oak, Ford and Freshman Rohrer available. Candidates for outside jobs are: Ray O'Hara, Clark, Adair, Buckley, Tom Buell and Lombardi.

Relay Men. California has been invited to enter a team to the relay carnival, which will be held in Philadelphia on Jan. 19 and 24 under the auspices of the University of Pennsylvania. California is classed in the second group of teams, which contains Missouri, Stanford, McGill and U.S.C.

More Crew Men Needed. Crew work does not appeal to many men. At present there are just ten men who hope to win a place on the sliding seat. Coach Schaeffer is issuing a call for more men, for it is not possible now to fill even the shells to have a first-year race.

Miss Emily Churchill of Los Angeles has announced her engagement to Arthur Eaton, '13. Miss Churchill is now an assistant librarian in the University library. She was a member while a student of the Psi Chi Honor Society and of the Delta Gamma Sorority. Eaton, an ex-crew oar, is now in the Interior of Ohio prospecting for oil on the Standard Oil Co.

P. A. Takes the Razoo Out of the Jimmy Pipe

The one reason why P. A. has so many tried and trusty friends is because it's so gosh-ganged tasty and peaceful on the tongue. You can smoke it packed in your old jimmy-pipe or home-made cigarette just as fast and hard as you want to, from the time the sun peeps out till the little stars twinkle, and there's nary a trace of a bite or sting.

PRINCE ALBERT the national joy smoke

is made biteless and stingless by a patented process controlled exclusively by us. You just charge a pipe or cigarette with this fragrant, satisfying tobacco and you will wonder why you held out so long and let your tongue curl up and crack every time you took your old jimmy pipe into your confidence.

Any store that sells tobacco can supply you with Prince Albert in the tidy red tin, 10c; toppy red bag, 5c; pound and half-pound tin humidors and that dandy P. A. pound crystal-glass humidor which not only keeps your supply in splendid condition, but is a thing of beauty and a joy forever.

SELECTING JURY TO TRY SLAYERS.

RIVERSIDE OFFICERS CHARGED WITH MANSLAUGHTER—FAIR CHANGES NAME.

(LOCAL CORRESPONDENCE.) RIVERSIDE, Feb. 18.—The procedure today attending the selection of a jury to try Special Officers Charles A. McCormick and H. G. Stansell, charged with manslaughter, assumed an international aspect, with Attorney Torcia of Los Angeles, representing the Italian Consul of that city, appearing with Dist. Atty. Thompson for the prosecution.

McCormick and Stansell became involved with a number of Italians at John Ferraro's camp on Indiana avenue several weeks ago, while attempting to break up a party of Italian liquor selling. Stansell, who had McCormick's gun, used it on the Italians, killing two and wounding two others. Attorney A. A. Adams and L. C. Kelley will defend the officer and his assistant.

The whole day was consumed in securing a jury.

FAIR CHANGES NAME. The Riverside County Fair Association, which last year acquired a fifty-two-acre site and expended upwards of \$25,000 for erecting buildings for housing exhibits and providing stables for racing stock, has changed its name to the Riverside District Fair. This change was made to place the fair in a position to receive a portion of the appropriation made for State district fairs.

Friday has been fixed by the directors as tree-planting day. Eucalypti and peppers will be planted along the driveway throughout the grounds, and walnuts have been chosen for the grounds about the racing stables.

WILL BUILD STADIUM. The City Board of Education is engaged in securing bids for the first of the concrete work which, when completed, will convert the grounds of the Boys' Polytechnic High School in the Tequesquite Arroyo into one of the best stadiums so far developed in the State.

The ground will be reseeded and bids invited for the construction of concrete benches fifty feet in length and of a height sufficient to accommodate ten seats. As they are constructed, these benches will be arranged to follow the natural slope of the site, situated just below the Polytechnic group of buildings.

AUTO OVERTURNS; ONE IN HOSPITAL. TWO OTHERS IN CAR FLEE AND POLICE SUSPECT THEFT; VICTIM IN COMA.

John Mobley, 50 years old, of No. 3594 Central avenue, is lying in the Receiving Hospital suffering from a probable fracture of the skull and other injuries, as the result of an automobile accident early last night at Twenty-third street and Central avenue. He was thrown from the machine when it turned turtle, the driver fled, and was wanted to cut in front of a street car.

According to spectators, there were three men in the automobile, two of whom ran away immediately after the mishap. It is believed by the police that he car was stolen and that the men were carrying a large sum of money. The car was a 1914 Buick, and was using a "jitney" bus, picking up Mr. Mobley as a passenger.

Mr. Mobley was rendered unconscious when he fell and did not regain his senses during the night. He was treated at the Receiving Hospital.

RED MAN REVILES PALE-FACE SQUAW. INDIAN FORGER SAYS HE DID WRONG FOR MAID WHO BETRAYED HIM.

Andrew Skaggs, who says he is a full-blooded Indian, was arrested last night on a charge of forgery. At Central Police Station he admitted his guilt and blamed his predicament on a pretty young white girl.

According to Police Detective Glenn, who arrested Skaggs at No. 850 Central avenue, the prisoner forged the name of Gray Wolf, a brother Indian, to a check for \$10, and presenting the latter's pass-book at a local bank, had no trouble in getting the money.

He got the money for a white girl who told me she needed it to buy some clothes for a dance," said Skaggs. "She turned me in to the police. Hell, me, no squaw would be so two-faced, and I am through with girls out of my own race."

VETERANS ENTERTAIN. Roosevelt Camp Holds Banquet in Patriotic Get-together with Visiting Commanders.

Commanders of many war veterans were gathered last night at Patriotic Hall in the Hall of Records as guests of Roosevelt Camp No. 9, United Spanish War Veterans. A banquet and programme of entertainment were given in honor of the Spanish war veterans and other camps in Los Angeles.

STEAMER KIYO MARU OPENS TRADE ROUTE.

(LOCAL CORRESPONDENCE.) LOS ANGELES HARBOR, Feb. 17.—Inaugurating the new service of the Toyo Kisen Kaisha line between the oriental ports and South America via this port, the Japanese steamer Kiyo Maru arrived today from Hongkong via Yokohama and Hilo.

This service opens a new trade route and this port being but seventy miles off the great circle route from the Orient to Central American ports will be the first and only port of call in American territory.

The Japanese line has placed three steamers in service. The Kiyo Maru will be followed by the Anyo Maru and the Seiry Maru. The three steamers carry both freight and passengers.

The Kiyo Maru has aboard over 300 stevedores in service. The Kiyo Maru will be followed by the Anyo Maru and the Seiry Maru. The three steamers carry both freight and passengers.

Redondo Beach. BOND PROPOSITION BEATEN AT BEACH.

(LOCAL CORRESPONDENCE.) REDONDO BEACH, Feb. 18.—By a vote of 298 for and 537 against the proposition to bond the city for \$35,000 for the purchase and improvement of two park sites, the first of three bond issues proposed for the city went down to defeat here today.

The total vote cast, 935, is not quite half of the entire registration. A two-thirds vote was necessary to carry the bonds. The other bond issues are \$121,000 for a municipal pleasure and fishing pier, to be voted on March 11; and \$17,000 for the purchase and improvement of a library site.

When it was learned that C. H. Turner, editor of a local paper, was having a petition circulated to get the endorsement of the Democratic Central Committee, Mr. Steele was asked if he intended to resign. This he replied that he intended to keep his place. Mr. Turner explained the circulation of his petitions by saying that he heard that Mr. Steele was about to resign, and that as he had formerly been a member of the committee, he was simply circulating the petition in accordance with that announcement.

Other possible candidates are Dr. F. M. Palmer and Edward J. Murphy, editor of another local paper. Mr. Murphy received the endorsement of the Democratic Central Committee and, should any change occur, may receive a second endorsement.

SOUTHERN CROP REPORTS.

(LOCAL CORRESPONDENCE.) COLTON, Feb. 18.—Starting March 1 two pools a month will be formed by the Colton Orange Growers' Association, which is to be one of the forty-three packing-houses represented in the exhibit of the Mutual Orange Distributors at the San Bernardino National Orange Show. Forty carloads of oranges have been sent out to date and Manager Fox estimates the season's output at somewhere between 175 and 200 carloads.

The abundance of rain and the complete freedom from frost this year is expected to bring the output up to normal next season, as the trees are practically recovered from the big frost of two years ago.

After weeks of strife, the proposed business license ordinance which has been a matter of strenuous controversy among the merchants, has been amended so as to take off the tax on doctors, dentists, barbers, lawyers, real estate dealers, blacksmiths, restaurants, hotels, feed and livery stables, candy stores and a few others. Thus there is not much left to tax, but even at that it is not known whether the ordinance will meet with the approval of all parties affected.

Several times in the past Colton has protested a business ordinance, while the ordinance now under fire has had three protests against it, the third and last having affected the consideration of the amendment.

POMONA, Feb. 18.—Orange packing is being carried on in this locality, and the crop is turning out to be fully as large as it was last season. Reports from other localities are to the effect that the crop is about one cent over the December price. Warm rains, with resulting stimulus to green feed, account for the increase in price.

OFFERS FOR WOOL. BAKERSFIELD, Feb. 18.—Local sheep men have received and refused offers from wool buyers of 30 cents a pound for the fleece of the yearling and March and April. Last year wool sold at 14 cents, and at 11 and 12 cents in 1913.

BEATEN, SAYS DRIVER. "Jitney" Bus Man Accuses Three Passengers; Thinks They Were Bent on Robbery.

With several deep cuts and bruises on his face and head, Alexander Geelen, 33 years old, driver and owner of the Chamber of Commerce jitney, reported to Patrolman Moran about 10 o'clock last night that he had been assaulted by three passengers. He said the men had declared some of the men attempted to rob him, but he believes they would have done so had not another machine been sighted near by. Mr. Geelen was removed to the Receiving Hospital, where he was treated.

ANOTHER GUSHER THAN EXPECTED.

ANGELENOS OWN WELL WHICH BREAKS SILENCE OF SIX MONTHS.

(LOCAL CORRESPONDENCE.) BAKERSFIELD, Feb. 18.—The news received here last night from Maricopa that the Lakeview gusher has come back is confirmed this morning except that it is not the original Lakeview, as reported, and accepted as authentic by every one, but the more recent gusher No. 1 of the Lakeview No. 2 Oil Company of Los Angeles, located on section 4, 13-23. This first came in last May, flowed continuously for six months, and then quit business.

The gas pressure cut out an entirely new channel for the oil and water, 50 feet below the old level, through the earth at a point between the mouth of the old well and the new one, which a condition makes the outlook more serious than was at first expected. It opens a range of possibilities which man unable to see into the earth may well dread. There is a plain danger to the oil strata of the entire Maricopa flat.

Any opinion expressed will be purely theoretical. The fact that it is the Lakeview No. 2 Company's No. 1, and not the original Lakeview, which makes the outlook even worse, the older well was not so centrally located in the midst of the mass of water as the newer one. D. W. and a number of associates, control its destinies. A dividend was paid but a few weeks since of the proceeds of the gusher during the time it flowed.

FINED ON INSTALLMENTS. (BY SANCTUARY—SACRAMENTO, CALIF.) EL CENTRO, Feb. 18.—On promise to pay her fine on the installment plan, Mrs. Falcia de Soto of Calexico, who was sentenced to the State Prison for a felony, secured her liberty today. She shot at and wounded an admirer last November. Judge Cole fined her \$100 and set a probationary period of two years. She paid half down and agreed to pay at the rate of \$25 a month.

LENGTH OF THE WAR. Fatigue of the machinery will put an end to the service of the Gun and Motor Vehicles.

[Scientific American.] This is very largely a machine-made war, and it would be a curious and not altogether illogical denouement of the great struggle if its end should be hastened through the fatigue of the machine rather than the exhaustion of the man.

This war is being fought with the gun and the motor car; and so strenuous and uninterrupted has been the struggle that these have been put to a test of endurance the like of which has never been witnessed in the history of artillery or the briefest of the most strenuous history of the gasoline car.

The life of the gun, so far as its absolute destruction by bursting is concerned, is practically unlimited, but not so its accuracy. Every time a gun is fired some of the interior surface of its bore and delicate rifling is worn away, and a certain degree of its accuracy is lost. This is true of the shoulder rifle, with its bore so small that it would not much more than admit a lead pencil, no less than of the great sixteen-inch siege gun of the Germans. For example, for the infantryman, the large guns which form the main batteries of our warships and are emplaced in our coast fortifications are worn from cutting set out last year. The marvel of grapes maturing at this season of the year has caused more than one tourist to pause in surprise.

In the Oak Park section of this city an evidence of climatic conditions is seen in a banana palm with a great cluster of ripe fruit, highly flavored.

BUTTER-FAT FUNDS. (LOCAL CORRESPONDENCE.) TULARE, Feb. 18.—Despite a slight falling off in "ices for butter" last month, the January cream delivered here was \$58.00, according to various reports.

The largest single lot of cream was made by the firm's Co-operative Creamery, in which the butter was distributed for deliveries of the month.

The butter-fat prices ranged on a basis of 34 cents during January, but have since then declined to 28 cents. The price of butter is about one cent over the December price. Warm rains, with resulting stimulus to green feed, account for the increase in price.

PACKING ORANGES. POMONA, Feb. 18.—Orange packing is being carried on in this locality, and the crop is turning out to be fully as large as it was last season. Reports from other localities are to the effect that the crop is about one cent over the December price. Warm rains, with resulting stimulus to green feed, account for the increase in price.

SUGGEST TAX IN BOOSTING.

Chamber of Commerce Teams After the Money. Plan to Build Theaters in Long Beach.

Club Disbands Because of Many Marriages.

(LOCAL CORRESPONDENCE.) LONG BEACH, Feb. 18.—Chamber of Commerce members who, in eight teams started out today to gather \$10,000 for boosting purposes, will unite in a demand that the city levy a tax to help them in their work of letting the world know of the "Queen of the Beaches."

This form of tax has been opposed by the voters more than once. However, it is believed that some way may be found to include a few thousand dollars each year for boosting. Members of the chamber will appear before the City Council soon with a proposal along these lines.

At the regular meeting of the chamber this morning L. R. Hall and Robert Reynolds spoke for the plan, and many other directors favored it. President William H. Wallace of the chamber sent his eight teams, consisting of forty earnest workers, into the field to secure boosting funds this afternoon. The sum of \$300 was raised among the directors to start the ball rolling. The teams will persist in their solicitation for three days, at the end of which time the desired sum probably will be secured.

TO BUILD THEATER. Three men of money are vying with each other in a race to erect in this city a handsome theater building which will be fit to accommodate large road shows billed at Los Angeles theaters. The men are W. H. Clune of Los Angeles, Homer Laughlin, Jr., of Los Angeles and James E. Lill, retired property owner living on Park boulevard.

Mr. Lill is now contemplating the erection of a theater building, a moving-picture house, on Elm avenue, between Broadway and First street. The estimated price is \$15,000. The site adjacent to the Victoria apartments on the south. There has been much activity in building in this vicinity on Elm avenue.

CLUB TO DISBAND. So many inroads have been made in the ranks of bachelor members of the exclusive El Rodeo Club by Dan Cupid that the club is about to be disbanded. At a recent meeting of the directors it was voted to place the handsome clubhouse at Los Cerritos on the market. It is expected to bring in the neighborhood of \$10,000.

"So many of the fellows have married recently, and others have so failed to show the interest that the club is to be disbanded," said an officer of the hall association of the club today.

ENLARGED HOTEL. Contractors are asked to bid on the erection of a six-story addition to Hotel San Diego to Los Angeles.

The Times has arranged a regular automobile service for the delivery of the papers to the Times and on other days to Los Angeles and San Diego. The Times is distributed in San Diego by mail, and in Los Angeles by a special delivery service. The Times is delivered in San Diego early in the morning and in Los Angeles by a special delivery service. The Times is delivered in San Diego early in the morning and in Los Angeles by a special delivery service.

GOATS TO SOLVE FOREST PROBLEM. SANTA BARBARA, Feb. 18.—With 100 goats the forestry department expects to solve the forest-fire problem in the Ventura Mountains. Forest Supervisor Rachford today announced that goats would be turned loose above Ventura to eat off the thick vegetation in the canyons and along the mountain slopes.

IF THE EXPERIMENT IS SUCCESSFUL EVERY forest reserve in the country will adopt the scheme. It is found that the greatest danger to the forest is the dense undergrowth, which dries out during the summer and is easily set afire by combustion.

ATTACKED BY LIONS. A genuine battle with two ferocious lions occurred in Stone Canyon, north of San Luis Obispo, according to word received here today. Two lions attacking Edward Bardie and George Allman, well-known ranchers. The men had surprised the lions at a deer feast. The ranchers, the lions, and the deer were all shot, the other being scared off.

FOR MANY WEEKS ranchers in that section have complained of heavy losses on their cattle ranges as a result of the presence of lions. Several other ranches have been attacked. The severe weather on the higher ranges is said to be driving the creatures out to the lowlands. A lion hunt is now being planned.

CARELESS SHOT KILLS MOTHER. FOUR BABES CRY WHILE GRIEVED CRAZED HUSBAND LIES IN CITY PRISON.

(LOCAL CORRESPONDENCE.) LAMARCA PARK, Feb. 18.—Pathetic in every detail is the death of Mrs. Luis Vasquez of this city, who was accidentally shot through the heart by her husband tonight. The victim died instantly, receiving the bullet from a .32-caliber rifle in her heart. Her four little children flung themselves on their knees beside the inanimate body, begging her to speak to them, while Vasquez, crazed with grief, notified the authorities.

Vasquez was cleaning his rifle, while his wife and the tots looked on. He put a shell into one of the empty chambers to test the weapon, and in some way the trigger caught. There was a crash, a little cloud of smoke, a scream, and then a heavy thud. Mrs. Vasquez was lying calm and still, and the little ones, without realizing the depth of the tragedy that had robbed them of their mother, commenced to cry and beg her to answer them. Mrs. Vasquez was asleep. She would never wake to hear the babies' calls. Vasquez surrendered to Constable Newell and Officers McManis and Rogers. He was heartbroken. Neighbors say it surely was an accident. The children are crying for four motherless children.

BRING CITY TO FORT MACARTHUR

SUCH IS EXPRESSED DESIRE OF
FEDERAL OFFICIALS.

At the City Hall.

Uncle Sam likes Los Angeles so well that he desires that it shall surround his property—Fort MacArthur, at Point Fermina. This desire has been officially expressed.

Yesterday Maj. Raymond, United States engineer in charge of harbor work, filed with the City Clerk a communication in which he suggested that it would be advantageous to extend the city's boundaries so as to include county lands lying between the municipality and the Fort MacArthur reservation.

He states that movement would be advantageous to the federal officials, as they would then have to deal only with the city authorities and thus avoid having jurisdiction of city, county and federal governments in such proximity.

In his communication Maj. Raymond says: "I suggest that in lieu of annexing the strip to the western side of the city, it might be well to annex to the prolongation of the western city limits at Leland avenue, so that the United States reservation may be wholly within the city limits."

Maj. Raymond suggests that action be taken on the annexation of the strip of county lands at the same time the city votes upon the annexation of the 126,000 acres of San Fernando Valley lands. At the same time it is probable the city will also vote upon taking in Palma, Fruitland, Balaire and some other tracts.

Councilman Langdon, chairman of the Harbor Committee, stated yesterday that he will take steps at once to secure a petition for the annexation of the territory proposed, and that today he will introduce resolution in the Council favoring such a project.

RESTRICTIONS FOR SOCIAL CLUBS.

The Public Welfare Committee has completed its investigations of conditions at social clubs holding liquor permits, and will present to the City Council recommendations for more strict regulations.

The recommendations will include provision that every social club holding liquor permits shall serve at least two bona fide meals per day; that reading and lounging quarters shall be provided; that no minors shall be eligible to membership, nor shall any minor be permitted within any portion of the club where liquor may be served to members; a register must be provided for visitors, and every visitor must be required to place on this register his name and address; visiting cards can be issued only to non-resident visitors; each social club shall have at least one pool table; gambling shall be absolutely prohibited; all shaking of dice shall be prohibited; clubs may sell liquors on Sunday only between certain hours to be designated; and all liquors sold must be consumed on the premises; no liquor shall be taken away from the premises during these hours; the license ordinance shall be amended so as to make the license fee on social clubs \$50 per month.

ADOPT PLANS.

The Park Commission has adopted plans for a drainage system for Eastlake Park and vicinity, and the Huntington Land Company has agreed to proceed with the construction of its portion of the system.

Park Superintendent Shearer has reported to the commission that the cost of constructing the portion of the system that is to extend through Eastlake Park will be approximately \$150,000, and that it is important that work be undertaken at the earliest possible date. The commission decided to ask the City Council for the necessary appropriation.

MAKE REPEAT.

CHINATOWN DEVELOPMENT. E. B. Carroll, efficiency engineer, who is co-operating with L. E. Hanchett in the preparation of plans for the development of the latter's recent purchase of twenty-five acres that includes Chinatown, was at the City Hall yesterday to present a repeat of the plan, so as to place it all in one subdivision. As industrial sites are and they will be described by maps and bounds.

Mr. Carroll stated that Mr. Hanchett and his associates intend to expend at least \$2,000,000 in the general development of this property, and to create an ideal industrial district. Spur tracks will be installed for service from the Pacific Electric and steam railroads, and two large warehouses will be constructed on Aliso street, with others to follow as the project progresses.

The plans also include the raising of the old structures along Aliso street, between Alameda and Lyons streets, on all the property controlled by Mr. Hanchett, and the creation of a new Chinatown, with modern buildings and sanitary surroundings at the northern end of the twenty-five-acre tract.

Mission Road Crossing.

A reinforced concrete viaduct over the four-track system of the Pacific electric line at Mission Road, Rose Hill, would cost \$31,000, while a roadway under the tracks would cost approximately \$75,000, the city engineer stated yesterday. The subject of separation of grades was before the committee.

The Rose Hill representatives stated that they desire no separation of grades if it should carry with it an assessment for the improvement, but would desire that a decision be provided. If the grades are separated, then the Rose Hill people believe suitable storm drainage should be provided, but that the property owners should not be required to pay for the viaduct or the contingent street improvement if the subject was taken under advisement.

Against Sunken Gardens.

The Independent Civic League yesterday filed with the City Clerk for presentation to the City Council resolutions adopted at the league's last meeting, protesting against the proposed plan to convert lakes in city parks into sunken gardens.

MUNICIPAL MEMORANDA.

CLEANINGS AT CITY HALL.

Final ordinances were adopted by the City Council yesterday for the paving of Fifth street, from Normandie avenue to Kingsley drive, and the sewerage of the following streets: Rampart street, from Marathon to Kent; alley south of Camerford, from El Centro to Gower; Carlton way, from San Fernando road to Cypress avenue; Second avenue, from Adams to Twenty-fifth streets; Cottage avenue, from San Fernando road to Cypress avenue.

Unanimous vote on the confirmation of Blake B. Gregory as a member of the Civil Service Commission, to succeed E. C. Bellowa, was recorded by the City Council yesterday.

A claim for \$5000 damages for land washed away in the Arroyo Seco floods was filed with the Board of Public Works yesterday by the Montecito Park Company. The City Attorney is asked to pass upon the city's liability.

Application has been made to the Park Commission for permission to hold religious services in Griffith Park at the camp for the unemployed. The applications were denied at the last meeting on the ground that the proposed services would be contrary to the rules and regulations prohibiting the holding of meetings or delivering of addresses in public parks.

The City Council recently instructed the Park Commission to at once complete the work of improving the northwest corner of Hollenbeck Park. The appropriation for this work was made last July, but it is still in an unsightly condition.

The action was brought by Fernald and Holland in behalf of the corporation. Mr. Holland owns two shares and Mr. Fernald three. It is alleged that the Fannings and Mrs. Bishop acquired control of a majority of the stock outstanding, that they combined and conspired since February 19, 1914, to elect a majority of the board of directors who were subservient to their wishes, and that they dictated the acts of the directors.

For this reason, it is explained, it was futile for the plaintiffs to make any demand upon the corporation to commence suit. It is further alleged that the Fannings and Mrs. Bishop, as part of the conspiracy, wasted the assets of the corporation and conspired to destroy its credit.

It is alleged that the Fannings and Mrs. Bishop acquired control of a majority of the stock outstanding, that they combined and conspired since February 19, 1914, to elect a majority of the board of directors who were subservient to their wishes, and that they dictated the acts of the directors.

For this reason, it is explained, it was futile for the plaintiffs to make any demand upon the corporation to commence suit. It is further alleged that the Fannings and Mrs. Bishop, as part of the conspiracy, wasted the assets of the corporation and conspired to destroy its credit.

The action was brought by Fernald and Holland in behalf of the corporation. Mr. Holland owns two shares and Mr. Fernald three. It is alleged that the Fannings and Mrs. Bishop acquired control of a majority of the stock outstanding, that they combined and conspired since February 19, 1914, to elect a majority of the board of directors who were subservient to their wishes, and that they dictated the acts of the directors.

phone for a day and a half.

ALLEGED FRAUD.

ACCUSED DIRECTORS.

A suit for an accounting, damages

to the American Electric and Fixture

Company by reason of alleged fraud,

was filed yesterday in the superior

court by the American Electric and

Fixture Company, Mr. and Mrs. B. E. Fanning, Frank E. Sproul, Bertha M. Bishop and H. W. Nicholas, yesterday. In the account

Messrs. Sproul and Nicholas are ex-

pected.

The action was brought by Fernald

and Holland in behalf of the corpora-

tion. Mr. Holland owns two shares

and Mr. Fernald three. It is alleged

that the Fannings and Mrs. Bishop

acquired control of a majority of the

stock outstanding, that they combined

and conspired since February 19,

1914, to elect a majority of the board

of directors who were subservient to

their wishes, and that they dictated

the acts of the directors.

For this reason, it is explained, it

was futile for the plaintiffs to make

any demand upon the corporation to

commence suit. It is further alleged

that the Fannings and Mrs. Bishop,

as part of the conspiracy, wasted the

assets of the corporation and conspired

to destroy its credit.
